MARINES LAND TODAY AT VERA CRUZ; FIGHT IN STREET CONTINUES

Vera Cruz, April 22.—Landing parties from the vessels of the American fleet under Rear Admiral Badger were greeted with general firing from snipers when the boats approached the shore at half past four o'clock this morning.

At a conference aboard the battle ship Arkansas, Rear Admirals Badger and Fletcher declined this morning to complete the investment of Vera Cruz.

Rear Admiral Badger organized a landing force composed of 2700 marines and bluejackets and before day broke these had all been sent ashore.

Consul Canada's latest dispatch, which was filed at Vera Cruz, early today was given out at 11 a. m. says:

"Firing commenced at daylight. Ships now shelling southern part of city, large force landed from Admiral Badger's fleet before daylight. Copies of proclamation issued by Rear Admiral Fletcher requesting at once the co-operation of the mayor and municipal authority in restoring order have been distributed but have been unable to get communication with these officials. Major Butler's force of marines from Tampico are now ashore. Expect the city will be quiet later in the day. Estimates of Mexicans killed and wounded up to late last night approximately 150. Battleships here Florida, Utah, Arkansas, Vermont, New Hampshire, New Jersey, South Carolina, transport Prairie and collier Oregon. Transport Hancock with marines reported due.

"American forces advance 8 a. m. under guns of war vessels to take city.

The Mexican sharpshooters occupied the roofs of houses in the central part of the city and were able to fire down upon the American bluejackets as they neared the land from the vessels lying off shore.

TAMPICO COMES NEXT.

Washington, April 22.—President Wilson had hoped that the seizure of Vera Cruz might have been accomplished without loss of life or bloodshed. He has determined, however, that there shall be no backward step. For the present the United States will content itself with holding the customs house at Vera Cruz, containing duties and preventing shipments of arms from reaching Huerta. Tampico is the next objective point. It has not yet been decided whether a blockade alone will be maintained there or the customs house seized. The passage of the resolution in congress has given the president the feeling that he is justified in going further ahead now with aggressive steps but he wants to have the full effect of the seizure of Vera Cruz impressed upon Huerta with the hope that he may be brought to terms without plunging further into armed conflict.

Secretary Bryan was the president's first visitor early today. He too, showed a change in demeanor. His eyes were sleepless and his face ashen white. He denied a report in circulation that Charge O'Shaughnessy had been given his passports or was about to be recalled, or that Charge Algora was to be given his passports. Mr. Bryan said he had been in communication late yesterday. No disturbances in Mexico City or administration against Americans had been reported he said. He said he thought O'Shaughnessy's dispatch was filed yesterday afternoon, late.

AMERICAN FORCES NUMBER 3000.

Washington, April 22.—American consul Canada cabled under date of nine a. m. today that he expected fighting to cease within an hour. The total American forces ashore numbered 3,000. They were well into the city and had the situation in hand.

Washington, April 22.—In Rear Admiral Fletcher's proclamation to the people of Vera Cruz, he called them in the interests of humanity to co-operate with him in restoring order. He said they could carry on their municipal government as before and that the United States merely would hold the customs house and patrol the city.

WILSON'S SORROW FOR LOSS OF LIFE.

Washington, April 22.—"I'm sorry, terribly sorry," were President Wilson's first words when news of loss of life in taking Vera Cruz first reached him. Today the president was sad and disheartened. As he walked slowly to his office through the White House, his head was bowed and his face a study of deep feeling and gravity.

150 MEXICANS KILLED IN BATTLE.

Washington, April 22.—Consul Canada reported today to the state department that 150 Mexicans were killed and wounded yesterday at Vera Cruz.

AMERICANS ADVANCE TO TAKE ENTIRE CITY OF VERA CRUZ.

Washington, April 22.—The American forces commenced an advance to take the entire city of Vera Cruz at 8 o'clock under guns of the war vessels, according to a report from Consul Canada, received at the state department at 10 o'clock this morning.

TROOP OF CAVALRYMEN HAS REACHED CALEXICO.

El Centro, Cal., April 22.—The troop of seventy four cavalrymen which reached Calexico, Calif., on the international border yesterday from Monerov, would be insufficient to protect that place against the Mexican federal garrison of 400 regulars at Mexicali, Lower Calif., just across the line, in the opinion of Captain Poillon, commander of the troops.

Captain Poillon immediately after his arrival looked over the situation, noting the formidable location of the Mexican federal barracks and its equipment of two machine guns. Then he agreed with Captain Seymour of the same guards that additional men would be necessary to

accord adequate protection in case of trouble. A call for 250 volunteers to meet in El Centro at noon today was issued and meetings were held in every town in Imperial Valley to provide and arm the number desired.

ADMIRAL BADGER'S FORCE ADEQUATE.

Washington, April 22.—Admiral Badger has reported the arrival at Vera Cruz of the battleship Minnesota and the naval transport Hancock with marines from New Orleans. These ships had stopped at Tampico and were ordered to proceed to Vera Cruz. The Admiral reported that he had plenty of marines now to control the situation.

Night "Extra"

The special edition of the Advocate Tuesday evening at 8.30 o'clock, carrying a detailed account of the landing of marines at Vera Cruz from United States warships, the capture of the city by the American bluejackets, the fight with the Mexican soldiers, fully covered by Associated Press dispatches from the front, was greatly appreciated by all Newark residents.

The Advocate was the only Newark paper to issue an extra edition giving the full account of the capture of Vera Cruz. Shortly after the announcement was bulletined in the

Advocate window that an extra edition would be issued hundreds of people gathered in front of the office and eagerly waited for the paper and read the bulletins as they were posted in the window.

Office 'phones were kept busy answering inquiries and when the paper was off the press scores of newsboys covered the town, thousands of copies being disposed of in short order. So great was the demand for the Advocate extra that a second edition was necessary, and this was printed at 9.30 o'clock, soon after the first edition was exhausted.

GEN. LEONARD WOOD COMMANDER IN CHIEF OF THE U. S. ARMY

Washington, April 22.—Major General William W. Wotherspoon today assumed his duties as chief of staff of the army succeeding Major Gen. Leonard Wood. General Wood has been selected to be commander in chief of the army in the event that it is sent into Mexico. He had been formally assigned to command of the Atlantic division, with headquarters at Governor's Island, N. Y., but the orders to that effect were cancelled as the result of developments in Mexico. General Wood resumed his duties as chief of staff at midnight last night. He arranged to leave for Texas City if necessary to take personal command of the military operations in that quarter. General Hugh Scott, until recently in command of a cavalry brigade at Fort Bliss, Texas, today became assistant chief of staff of the army and succeeded Wotherspoon.

ONLY DESULTORY FIRING DURING THE NIGHT AT VERA CRUZ

Vera Cruz, April 22.—There was only desultory firing here during the night. Occasional shots were fired from the roofs of houses in the outskirts of the city but the shots averaged not more than four an hour, and no further casualties were recorded on the American side.

The street lighting system failed early last evening and the only illumination during the night came from the interiors of the houses.

The losses of the Mexicans in yesterday's fighting could not be even roughly calculated this morning. Much of the firing by the American marines and bluejackets was at long range, and no attempt was made during the night to approach the center of the city, in which some determined Mexicans still occupy positions.

At dawn some bodies could be seen lying about the streets beyond the American lines. Efforts of Rear Admiral Fletcher late last night to find some one who exercised command over the Mexicans and to suggest that he call off his men in the interest of humanity were unsuccessful. The Rear Admiral hesitated to open fire with shell on the city, but the presence of riflemen hidden behind the copings of the flat roofed buildings which formed shelter for the defending sharpshooters made the use of artillery almost imperative to prevent sacrificing the lives of more Americans.

Serious fighting on the part of the Mexicans, early today, appeared to be concluded. During the night there was an occasional shot from roofs, sometimes even within the American lines and it was unsafe to traverse the streets.

The Americans have not yet occupied the central part of the city and more fighting may be necessary before the town is in their undisputed possession.

POPE IS INTERESTED.

Rome, April 22.—Pope Pius is evincing great interest in the situation between the United States and Mexico and today requested Cardinal Merry del Val, the papal secretary of state, to keep him informed on the subject.

MEXICAN COMMANDER LEAVES VERA CRUZ. SOLDIERS GET DRUNK.

Vera Cruz, April 22.—General Gustavo Mas, commander of the garrison at Vera Cruz left the city in a carriage at noon yesterday, half an hour after the first boatload of American marines landed from the warships. This was stated officially today and it was also declared that he had not been seen or heard from since that hour.

The commanders family followed him in another carriage. It was stated that the Mexican troops forming the garrison of Vera Cruz were turned loose as soon as it was seen that the Americans were about to land and were told to act as they saw fit. Very few if any of their officers remained with the Mexican soldiers, whose operations were carried on without any one to direct them. Some of the Mexican troops obtained a considerable supply of intoxicants by looting two stores. As a result many of them were in a condition which made them equally dangerous to natives and foreigners who came within their range.

Col. Carrillo was one of the few officers who remained with the Mexican troops. He was the commander of the 19th battalion and was injured in one arm early in the fighting.

The Mexican troops had one 75 millimeter gun which they placed in position at the corner of Esteban Morales and Main streets.

FOREIGN WARSHIPS SCATTERED ALONG MEXICAN COAST

Washington, April 22.—Eleven foreign warships other than those of the United States are scattered along the Mexican coast according to an official list made public by the navy department today. They have a total of 66,150 tons and a personnel of 4,498 men. Four of these vessels are stationed at Vera Cruz. They are the French cruiser Des Cartes, with 3,956 tons and ten 3.9 guns on her main battery; the English armored cruiser "Carlisle" of 3,800 tons, with 16 6-inch guns; the Spanish armored cruiser "Alfonso XIII" of 2,900 tons, with 16 6-inch guns; and the German armored cruiser "Graf" of 2,592 tons, with 10 4.1-inch guns. The other seven are distributed as follows:

The English cruiser "Hermione" of 3,630 tons and 218 6-inch guns and guns; at Puerto, the British cruiser "Lancaster" of 3,630 tons and 14 6-inch guns; the British gunboat "Alger" of 1,050 tons, 106 4-inch guns; the Japanese cruiser "Yamato" of 7,500 tons, 18 14-inch guns and 14 6-inch guns; at Guaymas, the cruiser "Montcalm" of 4,000 tons and seven 6-inch guns; at Mazatlan, the cruiser "Albatross" of 3,200 tons, 24 5-inch guns; and at Acapulco, the British gunboat "Shearwater" of 1,000 tons, 130 men and four 4-inch guns.

VERA CRUZ IS PICTURESQUE MEXICAN CITY

Washington, April 22.—Natural features of the city of Vera Cruz and the character of the buildings along the water front there were largely responsible for the loss of life of American bluejackets and marines who landed there yesterday. This opinion was expressed today by government officials who are familiar with the captured city. Between the bay and the line of two-story buildings which face it is a vacant space of about 300 yards of beach open to fire from house-tops. The custom house which can only be reached by crossing the open space stands in this solid group of buildings at the end of one of the two long piers where the foreign merchants ships land.

Like most of the structures in the country, the flat roofed buildings with their high coping form a veritable fortification from which rifle-men may pick off those below in comparative safety, sheltered by the high wall which surround the edge of a square of buildings. It was from this solid group of buildings that the troops can be mustered on the top of a square of buildings. It was from this protected position that the Mexican troops opened fire on the bluejackets and marines.

The remainder of the city, with its brick and plaster houses and its straight asphalt streets, makes a pretty picture. Trees are scarce, their growth having been discouraged since the yellow fever epidemics, but the principal avenue which stretches the entire length of the town and out into the suburbs is lined with cocoa palms. The principal business street as well is bordered by rows of palms and almond trees.

Along the wharves the buildings are not unimpressive structures, uniformly, brick, two storied and flat roofed. This natural fortification officials who have recently returned from Vera Cruz, believe, saved the lives of many of the bluejackets and marines, as well as Mexicans, although the landing division was made up of some of Uncle Sam's best marksmen. The scattered and disorganized resistance on the part of the Mexicans is, in the opinion of these officials proof of the utterly helpless condition of the Mexican people as a whole. One of these officials declared, were not unfriendly to the United States soldiers and the various demonstrations which have occurred can be traced directly to petty functionaries and police. Many of the inhabitants of Vera Cruz, unlike most Mexican cities, carry a strong taint of black blood and the negro type is common among the citizens, though the negro himself is rare.

FEDERALS EVACUATE PIEDRAS NEGRAS.

El Paso, Texas, April 22.—Piedras Negras, opposite Eagle Pass, was evacuated by the Mexican federal garrison early today, after a night of wild excitement. This morning more than 2,000 refugees came to the American side of the Rio Grande for protection.

General Guajardo's forces are now camped at Fuentes, three miles south of Piedras Negras, waiting for trains to transport them to Saltillo. All federal forces have been ordered by General Mas to concentrate at Saltillo "to repel the American invasion."

Last night when the people of Piedras Negras learned that American marines had occupied Vera Cruz a dozen recruiting offices were opened and arms issued to volunteer companies as fast as organized. More than 1,200 volunteers it is said, enlisted during the evening.

AMMUNITION SENT TO THE MEXICAN BORDER.

New Orleans, April 22.—Heavy shipments of coal and ammunition were made by the United States quartermasters department from here yesterday. One hundred and twenty five cars of coal went direct to Galveston to be used for coaling transports. Ten cars of ammunition went to points along the Mexican border. It is understood other large shipments will follow.

Congress Authorizes Use of Armed Force In Mexico By Wilson

Washington, April 22.—The Senate at 3:21 o'clock this morning by a vote of 72 to 13 passed the administration resolution declaring that "the President is justified in the employment of the armed forces of the United States to enforce his demands for unequivocal amends for the affronts and indignities committed against the United States in Mexico."

The House concurred in the Senate substitute resolution justifying the President in the use of armed forces in Mexico. There was no debate and the viva voce vote was almost unanimous.

Speaker Clark signed the joint resolution justifying the president in using armed forces in Mexico at 12:03 o'clock.

Huerta Has Requested United States To Withdraw Charge O'Shaughnessy

Washington, April 22.—Huerta has requested the United States to withdraw Nelson O'Shaughnessy, American charge d'affaires at Mexico City. This was stated here early today on good authority, but has not been officially announced.

The reported action of General Huerta in asking the withdrawal of Mr. O'Shaughnessy, the American charge of embassy in Mexico City, and instructing Senor Algora, the Mexican charge of embassy here, to demand his passports, technically constitutes a complete breach of diplomatic relations between the United States government and the defacto government of General Huerta, though whether Secretary of State Bryan is willing to regard it as more than an act of an individual and not of the actual government of Mexico remains to be seen.

There is no precedent for a refusal to accede to the demands for passports nor to fail to withdraw a diplomatic representative upon demand of an established government, but the present situation involving as it does a defacto government which the United States has not recognized, never before has arisen.

Such a severance of diplomatic relations, though not necessarily a prelude to war, is one of the steps that must be taken if war is to be formally declared and it is surmised that General Huerta is now about to resort to that step, regardless of any construction that may be placed upon the existing status of relations between the United States and Mexico by the executive of the former.

If this surmise is well founded the international relations of Mexico necessarily would be greatly affected and be readjusted to suit conditions of actual war, such as those arising from a blockade and the necessity of defining the rights of neutrals within Mexican territory. It is presumed that General Huerta promptly will serve notice upon the powers, through the Mexican diplomatic representatives abroad of such a development, in order that they might issue the customary proclamations of neutrality should they care to do so. Such proclamations would have some effect upon American commerce and upon the right of the United States government to secure ships and munitions of war from abroad.

Mexican Charge d'Affaires Algora, credited to the United States, has been instructed by Huerta to request his passports from Secretary Bryan. Senor Algora, the Mexican charge, said at the embassy today that he had received several messages from his government which indicated that he might be recalled at any moment, but that he had not yet been ordered to ask for his passports. He looked for such an order to come at any time, he said. Secretary Bryan denies that Mr. O'Shaughnessy has been ordered by Huerta to leave Mexico.

Several Injured Are In Serious Condition Today

Vera Cruz, April 22.—Estimates of the number of Mexicans killed and wounded in the fighting with the American marines and bluejackets yesterday, still are vague. It is believed, however, that the Mexican casualties were greater than those of the Americans, who lost four men killed and twenty wounded. This morning bodies of Mexicans are lying about the central part of the city uncared for.

Of the bluejackets and marines wounded in yesterday's fighting four are seriously hurt, according to the report of the surgeons this morning.

RECRUITING OFFICERS BUSY AT PITTSBURGH.

Pittsburgh, April 22.—Recruiting officers were busy in local armories last night and today bringing the commands of the Penna. national guard to a full peace footing in anticipation of orders placing them on a war basis. The Fourteenth and Eighteenth regiments, batteries R and troop H have their kits packed and can move in a few hours when ordered. Headquarters of the Tenth Pennsylvania at Greensburg, Pa. received many applications for enlistment. The regiments saw active service in the Philippines.

HAWAIIAN GUARD ASSEMBLES.

Honolulu, April 22.—The Hawaiian National Guard is assembled here under orders of Col. J. W. Jones. Forty four officers and 861 men are fully equipped and ready for instant duty.

Who Can Doubt Sworn Testimony of Honest Citizens

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck and was a great sufferer. The doctors who treated me made me believe that my great sufferings were due to female troubles. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time. I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped into bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

STUNNING SUIT AT T. L. DAVIES, BOOKLOVERS' PRIZE

Nearer and nearer draws the end of the Booklovers' Contest and soon the valuable list of prizes will be awarded. One that will be eagerly sought after is the \$25.00 lady's suit at Davies Dry Goods Store. Their reputation for ready-to-wear garments is known far and wide, so the winner of this prize will be sure to get a suit that is right up-to-the-minute for style, and of course the quality is there or it would not be offered as a prize in the Booklovers' Contest. Beginning this week the Davies store has inaugurated a unique sale of suits—we say unique because it is so early in

the season for a garment sale. Full particulars of this out of the ordinary event have appeared in their advertisements on page two of this paper, in Monday's and Tuesday's issue. Women who read these important announcements and took advantage of the extraordinary buying opportunity presented feel well repaid, for now one can save from \$5.00 to \$10.00 on any suit in the store. We would suggest, that if you still have your spring suit to buy, to go to Davies by all means for the values that are being offered are those really good kind, that are so seldom to be had, for instance: \$15 suits are now \$9.95, with the same ratio of reduction up to the highest priced garments. Again we say, do not let this opportunity pass you unheeded, it might be slow in coming again.

RHEUMATISM AND LUMBAGO CURED BY LAX-URIC

Pittsburg Residents Testify.

Many prominent residents of Pittsburg tell us of the prompt and permanent relief they obtained in severe cases of Rheumatism and Lumbago by the use of Lax-Uric, a new discovery, so much talked about in all quarters.

This new medical discovery is a combination in powder form of the valuable ingredients of the famous mineral waters of Bohemia, reinforced by the addition of Lithia and Phosphate of Soda. When added to water it makes a pleasant sparkling drink, and is absolutely harmless.

Lax-Uric acts as a laxative and uric acid solvent and eliminates in the natural way all poisonous matters from the system, thereby relieving Lumbago, Rheumatism, Gout, Backache, Kidney and Urinary Troubles, and many other dangerous Uric Acid conditions. Get a bottle of Lax-Uric today at Frank D. Hall's drug store, and enjoy good health again.

MARTINSBURG.

The many friends of Mrs. Ollie Russell Baker were grieved to learn of her sudden death at her home in Coshocton last week. She was the daughter of Mr. and Mrs. D. S. Russell north of town and was a member of the class of 1912 of the high school.

Her high school course was finished in Danville, where she later married Mr. Baker. Ten small children are left to the care of a husband. Mrs. Jacob McCament of this place is a sister of the deceased. Funeral services were held in Danville Friday.

Mrs. Sarah Buey received the sad news Saturday of the tragic death of her niece Mrs. Angie Wright who was killed in Newark by the running away of a team of horses.

Mr. Joe Burnell will move to Bucyrus this week. The residence vacated by him will be occupied by T. L. Beatty. Walter Van Winkle will occupy the house vacated by Mr. Beatty.

Easter exercises were conducted in the Disciple church Sunday evening. Rev. J. W. Waters attended Preachers at Zanesville Monday and Tuesday.

Mr. Oliver McMillen has sold his property to J. L. Burkholder. Mr. McMillen will retain possession for one year.

A number of our young people will attend commencement at Bladensburg Friday night.

Brings Sweet Slumber To Nerve-Wrecked People

Hundreds With Nervous Trouble Are Being Benefited by Morse's Glycerole, the Purely Vegetable Nerve Tonic Which the T. J. Evans Guarantees.

That old devil insomnia is the greatest booking agent on earth. The result of his never ending labor is so great that it requires thousands of sanitariums and hundreds of insane asylums to take care of his bookings.

The overflow he sends to prisons, jails, workhouse and graveyards. Of course, he has some help; his chief aids are morphine, bromides and opiate products.

Insomnia is a great disease; it means that the great nervous system, the real life of the body, is impaired and the disease should be healed promptly and sensibly.

Morse's Glycerole is a pure vegetable nerve tonic, that will force old insomnia to cut your acquaintance in short order. The formula is on every label.

It is such a safe and harmless nerve sedative that thousands of physicians prescribe it for teething infants—mothers should remember this.

It is guaranteed for brain fog, nervousness, sleeplessness, despondency and lack of vital force.

For people broken in health from over indulgence in alcohol or tobacco or from excess of any kind, Morse's Glycerole is guaranteed.

Reads pretty strong, and it is the strongest guarantee that anyone can give. But Mr. Hazen Moore, the expert chemist, who has been scientifically compounding Morse's Glycerole for physicians and hospitals for 30 years, knows so well what his product will do; that he is willing to pay the price if Morse's Glycerole fails to benefit run down people.

WHY DOCTORS NO LONGER CLAIM TO "CURE" PEOPLE

A few years ago it was a common thing for the family doctor to say, "I will cure you in a few days." This cheerful prophecy often gave the patient new hope and courage but it is no longer good form. Doctors still "cure" malaria and a few other troubles in which their medicines have a direct or "specific" action on the virus of the disease. In other cases they simply give supporting medicine and keep up the strength of the patient until nature effects a cure.

Dr. Williams' Pink Pills cure chlorosis and other trouble due to this blood because they have a specific action on the blood, building it up, purifying and enriching it. This direct action on the blood also makes them the best supporting and strengthening medicine. If you are thin and weak, breathless after slight exertion, if you have palpitation of the heart, gas on the stomach, cold hands and feet, if you are nervous and easily irritated and show other signs of weakened vitality, try the strengthening pills at once and let the rich, red blood cure you. Get a box today at the nearest drug store and begin at once to build up your health.

SIMPLE WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need) apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and disfiguring of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it straggly, straggly, dull, dry, brittle and lifeless, and everybody notices it.

Tuxedo
TOBACCO
SPECIALLY PREPARED FOR PIPE & CIGARETTE

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is the one tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco cannot sting, bite or irritate the delicate membranes of the mouth or throat.

The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

"THE LOVE ROUTE VIA PITTMAN."

Essanay.

Hazel White.....Beverly Bayne
Glenn Hardy.....Leo White
Perry Burnette.....Ethel Skyes
Blondy.....

Hazel and Glenn, in the process of learning "Pittman" at business college, also took a short course under Cupid, finishing with rather higher honors in the latter course. At the end of the term Glenn secured a good position immediately, but Hazel's efforts were fruitless and she wandered about for weeks looking for a job.

One day at a help yourself lunch club she met Glenn, who sympathized warmly with her distress at her failure. Glenn went back to his office with his sunny smile eclipsed while he considered Hazel's difficulties. On a neighboring office door he suddenly saw a sign that read "Stenographer wanted." He took it down, went in and told the proprietor that he was prepared to fill the vacancy, and had Hazel there in short order to make application in person.

Hazel arrived in haste, the proprietor was much pleased, and everything appeared to be going very well. Glenn was delighted over the pleasant way the problem had worked out and confided his pleasure to Blondy, the book-keeper in his own office.

The new employer, however, was too pleased with Hazel, so pleased in fact that he took occasion to make love to her. Glenn, passing by, stuck his head in for a cheery greeting just at this inopportune time, saw what he saw, and in great disappointment rushed back to the office and offered Blondy the theater tickets with which he had meant to take Hazel to the play.

Hazel had not been pleased with her employer's attentions, as Glenn thought. She tore herself angrily away and rushed out into the hall to his office to find him, but when she opened the door she saw Blondy facing her arms around his neck, so she turned away bitterly.

The two young people went about sad at heart for some days. Meeting unexpectedly, they straightened out the misunderstanding. On Hazel's desk they found a box of bonbons from her employer. Laughingly they appropriated the candy and left on the employer's desk a hieroglyphic communication, per Pittman, informing him that they had gone off to be married. And then they ran gayly away for their post-graduate Cupid course, leaving the empty office to the proprietor.

"The Barber of Seville."

Kleins-Ambrose.

This charming opera has been beautifully told in pictures that have a quality of artistic finesse which is very satisfying. The staging is elaborate and consistently matched up, so that the effect is harmonious. The costumes are beautiful and well taken by the camera, and the acting has a lilt and dash about it that conveys the meaning quite convincingly in this soundless representation of Rossini's opera story. Figaro, Don Basilio "Barber of Seville," friend

MISS BEVERLY BAYNE—Essanay.

Miss Beverly Bayne, for business, plays leading roles in the Essanay Chicago company. For fun she does sketching and paints with water colors. For still more fun, she goes in for outdoor sports of various kinds, chief among them horseback riding. Almost every fine morning she may be seen cantering along the Lake Shore drive.

of lovers, dominates the film in this episode, wherein he sets straight the tangled strands in the love affair of flashing Count Almaviva and the entrancing Rosina. These two are deeply devoted, but Rosina is ward to old Dr. Bartolo, who has matrimonial aspirations in her direction himself, and he keeps her under close guard. The count, desirous of winning the girl, and alarmed lest the doctor should take advantage of her helplessness and force her into a hasty marriage, enlists the assistance of the doughty barber, who is thoroughly in his element at the prospect.

There is much pleasant and exciting intrigue, much disguising and detecting, and finally a stirring rescue of the lady that defeats her tricky guardian and makes possible her marriage with the count.

The bright little story makes a pleasant theme for picture production and it is handled in a manner that gives it character and good taste.

"Her Husband."

Winthrop.

In this film a schoolgirl pranks grows into a long tragedy before the consequences of youthful thoughtlessness are paid up. Dora, a student at a girls' boarding school, and Tom Harcourt, a cadet at a neighboring military school, were playing at a boy and girl flirtation, when one day Tom persuaded the girl to go with him to the theater, sending her a forged note from her father granting her permission.

The young people returned to the school after the gate was locked, and the girl feared to ring lest she would be reported to her father. Tom saved the situation by proposing: "Let's get married. We're old enough to take care of ourselves."

They acted on this suggestion, and when Dora took her young husband home her father turned them out of the house. They then found life a very different proposition from what they had expected it as they tried to struggle along in a cheap little suite. Tom, unable to secure work, and suffering discomfort, showed up the coarseness of which he was made.

As a final desperate chance he sold his wife's string of pearls for \$15, filled the chest out with two additional ciphers, then lost the money gambling. He was sent to prison, and the girl wife, after writing to her father of her husband's worthlessness, sought and obtained work as a secretary. It isn't exactly clear how an inexperienced girl, with no training and no money, could succeed so readily—the film doesn't explain that—but for the sake of the story, as well as the girl, the job was necessary, and Dora made an efficient and a charming stenographer, winning the affections of her employer. She refused all of his attentions, however, remaining loyal to her husband.

Tom's term was curtailed because of good behavior, and he immediately sought out Dora for money. He found her just closing her employer's safe, and when she said she had no money he appropriated some from the safe. Matters worked to a quick climax then, for detectives were put on Tom's trail and Dora's father had been seeking her through their aid. When Tom again visited Dora he was pursued, and in trying to escape plunged through an open elevator door. Dora's father arrived soon after, took the girl back to his arms, only to give her into her employer's, whom she had come to love.

"The Mysterious Leopard Lady."

Gold Seal.

Grace Cunard and Francis Ford, with the aid of leopard skin coats and dirigible balloons, stir up quantities of excitement for the onlooker in this chain of thrills, which has its first link in a mysterious murder and robbery. The leopard lady takes some time off from her successful vaudeville act of lion teasing to rob the unwary, and break into safes.

Philo Kelly, detective, becomes suspicious of her and goes through various detecting contrivances to follow up his clues. Her gang of accomplices, fearing discovery, has his gang of men capture Kelly and fling him square into the den of lions.

When the leopard lady hears this she is quite beside herself, hustles out, and shoots the lions, and sails away from danger in a dirigible balloon, dropping to her rescued gallant a bunch of violets carrying a note promising a future meeting.

ELK'S CIRCUS I WILL EXHIBIT MAY 6 AND 7

Newark Lodge 391, B. P. O. Elks has arranged for the showing in Newark, at the Jefferson street ball grounds, of Spellman's Combined Circus, an organization that cannot be excelled in the summer amusement field. The circus will open in Dayton, April 30 and show there three days and will be in Newark May 6th and 7th for two performances each day.

The net proceeds from the attraction will be devoted to the building fund for the new Elks' home, work upon which will soon commence on the site of the Thomas Keen property on East Main street.

The circus will arrive in Newark upon its own train and at this time, or the opening of the season the horses and other animals are in the very best of shape for exhibition purposes, and this organization has always been noted for the high class of horses and other animals carried.

The general committee in charge of the exhibition consists of Messrs. John M. Ankele, Smith L. Redman and James R. Cooper.

Wisdom from Washington

By ARTHUR W. DUNN.

Washington, April 22.—[Special.]—It has often been said that a man who can dismiss all his cares, either in public life or in business, and enjoy himself in the open air is able to make a success of what he undertakes. If this is true President Wilson ought to be successful, for he has a way of dismissing the weighty public affairs that are such a burden to the presidential office.

On the day that it was decided to send all of the available navy to Mexican ports the president was seen on the golf links playing his usual game and apparently unconcerned about the storm raging below the Rio Grande. There were some trying times during President Taft's administration, and he would go out on the golf links and spend the afternoon, forgetting about government troubles. As for President Roosevelt, it is doubtful whether he ever allowed anything to trouble him, at least not for more than a few minutes.

To Give Them a Chance.

Congressman Kingsdale of South Carolina, one of the Democrats who voted against the repeal of the canal tolls, says that he is going to give his anti-subsidy friends in the Democratic party a chance to break up the ship monopoly of which they complain. "They say that there is a coastwise ship monopoly," he said, "which would get the benefit of free canal tolls. Now, I propose to have a bill admitting to the coastwise trade foreign vessels if they will take out American registry. We allow foreign vessels to take out American registry for the foreign trade. Why not let us do it for the coastwise trade and break up this coastwise monopoly? But I doubt whether they will do it. At the same time, I am going to give them an opportunity."

Shively Was an Editor.

It seems that both of the Indiana senators were editors in their early youth. Senator Kern tells of amusing incidents concerning his editorial experiences, and Senator Shively recounted in the cloak room not long ago an experience he had as editor of a small country paper.

It seems that upon the death of a prominent citizen the widow came into his office and paid him for a splendid obituary notice. Shively set his own type, and in some way in making up the paper he dropped in the middle of the obituary notice a reference to an editorial contemporary which contained something about his "resembling a jackass with a tusk under his tongue." The mistake was discovered when about two-thirds of the edition was printed, but Shively had to be economical in paper. He corrected the mistake and took particular pains to circulate the corrected edition in the community where the widow lived and to send the others as far afield as possible.

Mileage Talk Again.

There has been more talk on mileage, and Congressman Madden of Illinois has offered a resolution. The Illinois man suggests that those who say they are opposed to mileage and vote to reduce it or cut it out altogether ought to refuse to receive the mileage as a part of their compensation. He says that is the square and manly way to do, as it will show that the members mean what they are talking about. Madden said that it did not become members to fight the mileage appropriation and then after other men had stood up and voted for mileage to take advantage of it.

Comity Between the Houses.

They have rather strict rules about commenting upon the senate in the house, or vice versa. But that does not seem to apply to the house when it gets to discussing senators, their committee places and their employees. For instance, Congressman Stafford of Wisconsin made a reference to the "expenses connected with the personal makeup of the senator." That certainly trenchant upon the "comity between the houses," of which we hear so much.

Short of Bathtubs.

In one of the articles read in the house of representatives showing in what serious condition were laboring men in New York city was a statement that several of the unemployed came

too late to get a bed and a bath. Congressman McCoy of New Jersey, who was receiving criticisms of nonemployment of men in Newark, N. J., declared that most of the men who were out of work didn't want employment.

"How about the bath?" asked Elder of Louisiana.

"They were looking for a bath even less than they were looking for work," replied McCoy.

"Soup!" shouted "Abba Bibi" Murray of Oklahoma.

"Yes, soup," replied McCoy.

AN INCREASED TAX DUPLICATE.

(O. S. Journal.)

We are told now that the assessment of taxable property under the Warnes law shows a gain of \$48,000,000 up to date. That is what we have been wanting a tax law to do for years—get a complete and honest assessment. It is being done as it was never done before, and it is said at a less cost. Who wants anything better than that? It is what this paper has been working for for years. This it has done on moral as well as economic grounds. A dishonest assessment of property has done untold harm to Ohio. It has paralyzed its moral vigor, or, as Judge Evans says in his book, "Taxation in Ohio," "The tax system of Ohio is sapping the foundations of the Christian religion." And it's a fact, too.

But the law is no doubt, opposed by many people because it is a Democratic law. That is a mighty poor reason. If it is doing good work, and keeping people from committing perjury, we don't care who passed it. We have been trying for years to get a Republican legislature to pass it and failed. Now that Governor Cox has got a Democratic legislature to pass it, shall we kick? We guess not. What men of sincere purpose and high views want are results and we are getting them under the Warnes law. It may not be in all respects a perfect measure, but it will do for a beginning.

This sort of legislation is for the people. Already the tax commission intimates that this increase in the assessment will find its way in the reduction of the tax rate. If this is the result, and it is likely to be, this new tax law will be the greatest piece of legislation Ohio has had for years. The law might have been entitled, and act to apply the motto, "Honesty is the best policy."

April 22 In American History.

1703—President Washington received a minister from the republic of France and proclaimed the neutrality of the United States in the European conflict.

1864—Confederates under General Richard Taylor intercepted General N. P. Banks' retreating column at Monette's Ferry, Cane river, Louisiana. The attack was repulsed and the Federals continued their retreat to Alexandria, on Red river.

On Second Thought

Buck Kilby says his chief objection to his job as a reporter is that it brings him in contact with the public.

The most popular verdict is that of "guilty as charged." The people never are much interested in the triumph of innocence.

Give a drunken man his choice of any thing and he will take out a license permitting him to annoy busy people.

There is nothing of which a woman tires so quickly as a husband who is always under her feet.

A drunken woman probably is the most effective temperance argument.

The Early Fly.

The early fly is here; you see him buzzing near—so take your stand with club in hand, and soak him in the ear. The early flies are worst of all the breed accused; for they'll give rise to countless flies which cannot be dispersed. One active April fly, unless you make it die, will bring a slew, your meat to chew, and spoil the milk and pie. So, like the Maid of Arc,

arise in helm and surk, and swat the flies between the eyes, from daylight until dark. Thus serve your native land, a swatter in your hand, and then your name in Hall of Fame, on sculptured stone will stand. There is no better plan to help your fellow man, a peril dies with dying flies, so swat them while you can. Just so you kill the brutes, the method little boots: one takes an axe and breaks their backs, one takes his gun and shoots. I know one earnest gink who drowns his flies in ink; some fellows coil their flies in oil—a first rate scheme, I think. But any plan will do, just so you kill a few each passing day, so slay and slay with purpose high and true.

HERZOG GIVING THE YOUNGSTERS CHANCE TO SHOW

Cincinnati, April 22.—No haste is being shown by Manager Herzog, of the Reds, in the matter of ridding himself of surplus material. While some of his youngsters have been turned over to the minors for further development, quite a number of the youths garnered from various leagues last fall still are among those present, and will remain for a while longer. Heretofore it has been the practice of Reds' managers to give the preference to veterans, this being especially true of the pitching department, and allowing the youngsters but few opportunities to break into the line-up. Herzog is working along different lines. He is taking no chances on making mistakes regarding the boys who looked good to him during southern practice, and so is giving all those that displayed some features of major league form to show what they can do. Pitchers Davenport, Douglass, Adams, Lear and Ingersoll all have been in championship games this season, as have Catchers Gonzales and Von Kolnitz and all the infielders and outfielders. When the final cutting down comes it will be based on actual performance, and not on guess work, which is as it should be.

Of the National League teams that have opposed the Reds so far this season, the Pittsburghs appear to have far and away the best of it. Their infield works more smoothly, the outfield really is better and their pitchers and catchers are fully equal to those of the Cubs. Add to this the greater influence of Manager Clarke over his men, and it is plain that, viewed at the present time, the Pirates are a safer bet for high honors than the Cubs. In the eastern division of the National League New York and Boston, of whom most was expected have been having the poorest results. It is not expected that they will continue in their early rut; at the same time they are taking on a handicap by losing their early games.

That followers of the game are partial to young players and like to see debutants succeed was clearly demonstrated at Sunday's game between the Reds and the Pirates, when the real spirit of the crowd was displayed on the appearance of Catcher Mike Gonzalez and Pitcher Adams. The Cuban backstop has been touted as an able man in every respect, and his work so far has justified the recommendation. Adams is not so well known, but the very fact that he is a youngster secured for him an enthusiastic reception. This preference of youngsters will be recognized by Manager Herzog in future Sunday games, and he promises to have several of his new stars in the line-up against the Cardinals next Sunday, and against the Pirates when they come again on Sunday, May 2.

American opponents of the fighting game should take a page out of the book of King George, of England, who has placed his O. K. on the boxing game by attending several matches at the barracks of one of his favorite regiments. Of course, the "kick" does not favor brutality in the ring, any more than it is favored in America; but when it comes to applauding neat footwork, a good wallop or clever defense, the ruler of Great Britain gets as enthusiastic as any East Side "bloke." Whether this interest in the fighting game on the part of the king will have any influence on the sport in America remains to be seen. But it certainly will give boxing a boom over in "merrie England."

OLIVESE

brand of Olive Oil is the first pressing of carefully selected Italian Olives. This first pressing yields the virgin oil, the very best, the only kind ever put in containers bearing the OLIVESE trademark. The old Italian method is conceded to be far superior to modern methods, and olive oil so prepared will actually improve with age. OLIVESE comes direct—canned in Italy—from the old Italian orchards and is prepared by the old methods.

Is a Dollar a Big Price to Pay for Having This Wonderful HOOSIER Cabinet in Your Home?

The past three days, when you postponed coming to examine this Hoosier Cabinet, it wasn't because you doubted the wisdom of spending a dollar to have it put in your home—

You waited because you thought there still was time to make up your mind. But now that time approaches an end. What important consideration can possibly weigh against the fact that

You now take miles of steps
a Hoosier will save!

If you were to delay decision until your great opportunity closes, could you possibly justify your neglect of your own valuable time and health? In five minutes after you examine this Hoosier you can decide—

(1) Whether you want it now on this liberal Hoosier plan, or

(2) Whether you will wait until the opportunity is gone and regular terms prevail.

But five minutes after the plan closes, you cannot decide. The opportunity will be ended for you.

Therefore Read this Hoosier Plan Carefully:

1. One dollar puts any Hoosier you select in your home.
2. One dollar weekly dues quickly pay for it.
3. The low cash price, fixed by the factory, prevails absolutely.

4. The sale is under direct supervision of the Hoosier Company.
5. When this allotment is taken, the sale closes.
6. If you are not delighted with your cabinet, we will gladly refund your money.

You are under no obligations to take any cabinet, but you surely must realize an obligation to yourself to see the cabinet before you let this plan go by. Tomorrow may be your last opportunity.

"WHITE BEAUTY"—the new Hoosier with the white interior finish (this is being chosen by 3 women out of 4) groups three cupboards and a pantry around a sliding metal table so you can sit down while you work and store more than 400 articles in easy reach. It is a boon to women who want a little more rest IN THIS LIFE.

SEE IT IN OUR WINDOW—note the scientific arrangement that reduces even reaching to the minimum—observe the practical value of each of the 40 separate and distinct tested features—17 of which are new.

Scores of other women are on the verge of making the same decision you are considering. Some will come tomorrow. Every day of this sale more have enrolled than we expected. Enrollments tomorrow may close the sale. If so, those who hesitate now will be too late.

RESERVOIR DYNAMITED IN REPORT

Conflict in Colorado Strike Region Between Strikers and Mine Guards

EXCHANGE MANY SHOTS

And Fatalities May Be the Outcome of the Fighting—Special Session of Colorado Legislature May be Called to Take Some Action.

(ASSOCIATED PRESS TELEGRAM) Trinidad, Colo., April 22.—Reports were received at the office of the Victor-American Fuel Co., shortly before noon that the reservoir at the head of Apishapa Creek had been dynamited. This reservoir supplies water to the town and mine at Aguilar and the Delagua and Hastings camps.

At Union headquarters where a crowd of strikers and sympathizers jammed the ante room and the sidewalk waiting for news, it was stated that sixty Greeks had got into Delagua, and were "taking the camp." They were supported, the report from union headquarters states, by about 400 strikers had come from Ludlow and Aguilar.

Heavy fighting is reported to have been in progress at Delagua since daylight. Armed strikers are said to be swarming in the hills north of town and firing into the camp.

A report at the offices of Victor-American Fuel Company, from Superintendent B. F. Snodgrass said two men had been killed in the Delagua camp and that three guards were reported killed in the hills above the canon.

Firing ceased at 8 a. m. Supt. Snodgrass reported that the state troops that came from Ludlow and Hastings in steel cars took to the hills and fired several volleys. No information was available as to the casualties among the attackers.

"A report to the Victor-American Fuel Co., headquarters here stated that seven or eight guards who went into the hills to meet the strikers were still unaccounted for and that the remaining guards dared not go into the hills to search for them.

MAY BE SPECIAL SESSION. Denver, Colo., April 22.—Lieutenant Governor Stephen R. Fitzgerald and other state officials today waited word from Governor Ammons, in regard to the call for a special session of the state legislature to determine upon the state's future action in the strike zone. No move was made by the administration pending advice from the governor who is now in Washington.

WILL BRING THE BODIES HOME.

Bulletin, Washington, April 22.—The navy department is arranging to bring to the United States the bodies of sailors or marines killed at Vera Cruz and either forward them to relatives or make final interment in a National cemetery as the families desire. All expenses of transportation of the dead will be borne by the United States.

EIGHT MORE PICTURES

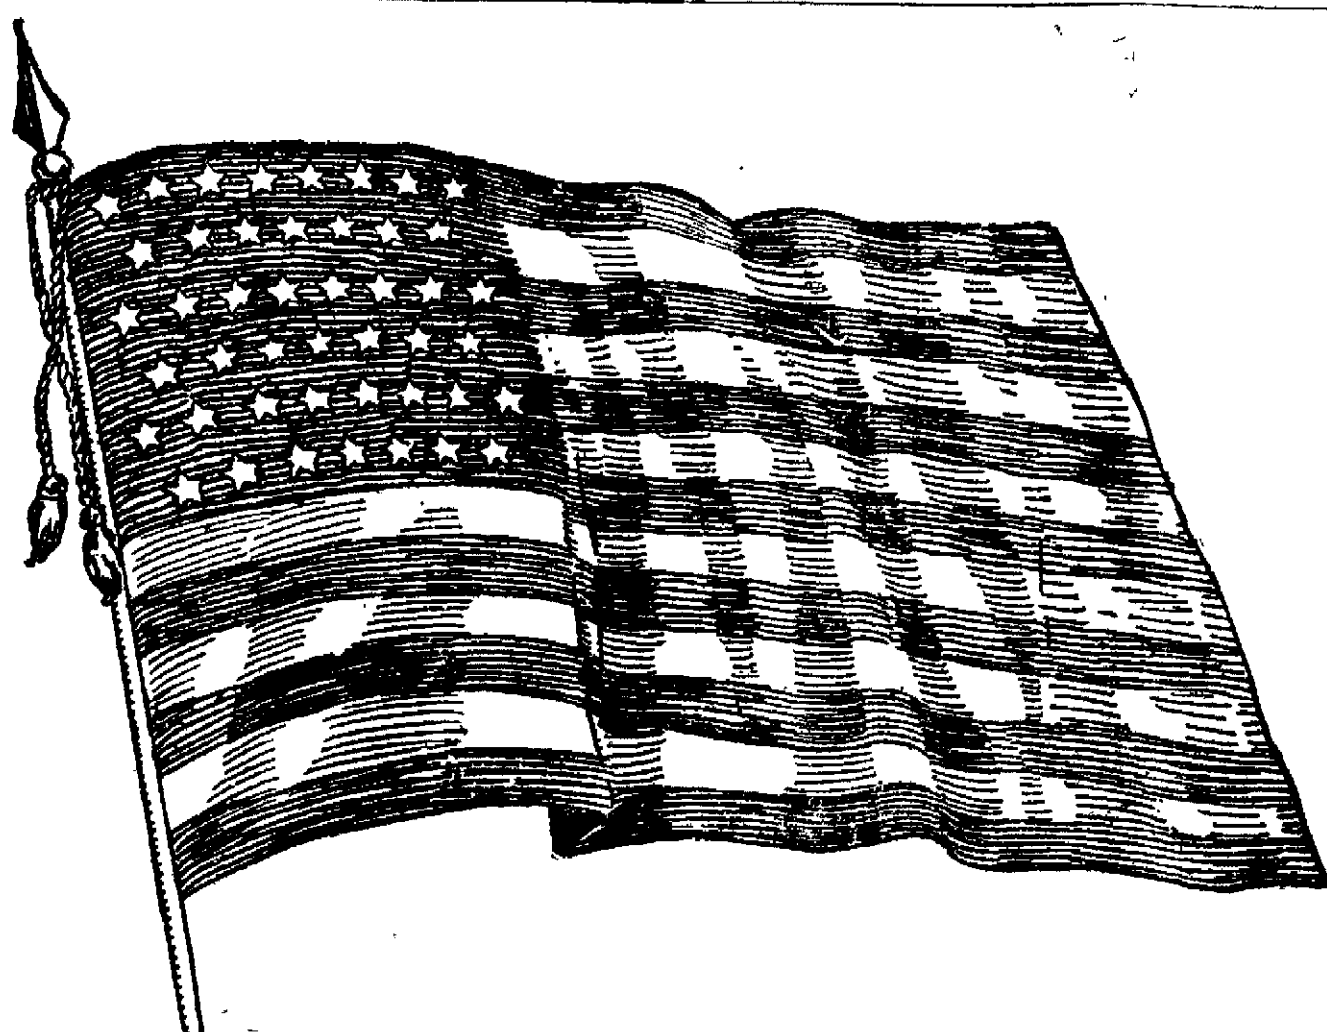

The "home-stretch" in the Booklovers' contest is noting a perceptible increase in the number of contestants. The Advocate is being called upon for additional catalogues and back coupons for many new contestants, who seem to have realized that nearly \$1,000 worth of prizes—136 of them—are worth making a try for.

Only eight more pictures are yet to appear. After the last picture has been published there will be an allowance of ample time in which to work out the answers to all the pictures, but those who get an early start will have more time in which to make sure of their solutions.

The Advocate is not going to play any tricks on contestants. Each picture plainly represents the title of one of the books listed in the catalogue.

The nearer the end of the contest the more interesting it grows. Join the throng, and GET BUSY. See what rewards!

SALUTE THE FLAG!

For the honor of the flag, the defense of Old Glory from insult, the United States has found it necessary for the fifth time in the country's history to shed human blood. Four times before, once previously with the same country with which United States is now involved, citizens of this land of the free were called upon to pay the price. Every native of this country knows the hatred with which he abhors him who refuses to honor the flag or who utters one word against its defense. Activities of the recruiting offices at present prove that the grand old Stars and Stripes shall never be dipped in servile homage to a foreign nation so long as American life shall last.

SEC. BRYAN WORRIED ABOUT O'SHAUGHNESSY

(ASSOCIATED PRESS TELEGRAM) Washington, April 22.—Secretary Bryan going to the White House at 1:15 said he had received no word from Charge O'Shaughnessy since Monday. The last message from Mexico City came from the American consul late Tuesday forenoon.

Mr. Bryan appeared worried about Charge O'Shaughnessy and today's report about conditions in Mexico City. The secretary was sure, however, that if anything had happened to O'Shaughnessy other legations in Mexico City would have through their own government, informed the United States. Press reports have stated that telegraph wires from Mexico City to Vera Cruz were cut yesterday which probably would account for the lack of information.

GEN. LEONARD WOOD COMMANDER IN CHIEF OF THE U. S. ARMY

(ASSOCIATED PRESS TELEGRAM) Washington, April 22.—Major General William W. Wetherspoon today assumed his duties as chief of staff of the army succeeding Major Gen. Leonard Wood. General Wood has been selected to be commander in chief of the army in the event that it is sent into Mexico. He had been formally assigned to command of the Atlantic division, with headquarters at Governor's Island, N. Y., but the orders to that effect were cancelled as the result of developments in Mexico. General Wood resumed his duties as chief of staff at midnight last night. He arranged to leave for Texas City if necessary to take personal command of the military operations in that quarter. General Hugh Scott, until recently in command of a cavalry brigade at Fort Bliss, Texas, today became assistant chief of staff of the army and succeeded Wetherspoon.

Firing at Daybreak When Marines Landed At Vera Cruz Today

(ASSOCIATED PRESS TELEGRAM) Vera Cruz, April 22.—Landing parties from the vessels of the American fleet under Rear Admiral Badger were greeted with general firing from snipers when the boats approached the shore at half past four o'clock this morning.

At a conference aboard the battle ship Arkansas, Rear Admirals Badger and Fletcher declared this morning to complete the investment of Vera Cruz.

Rear Admiral Badger organized a landing force composed of 2700 marines and bluejackets and before day broke these had all been sent ashore.

Consul Canada's latest dispatch, which was filed at Vera Cruz, early today was given out at 11 a. m. says:

"Firing commenced at daybreak. Ships now shelling southern part of city, large force landed from Admiral Badger's fleet before daylight. Copies of proclamation issued by Rear Admiral Fletcher requesting at once the co-operation of the mayor and municipal authority in restoring order have been distributed but have been unable to get communication with these officials. Major Butler's force of marines from Tampico are now ashore. Expect the city will be quiet later in the day. Estimates of Mexicans killed and wounded up to late last night approximately 150. Battleships here Florida, Utah, Arkansas, Vermont, New Hampshire, New Jersey, South Carolina, Transport Prairie and Collier Oregon. Transport Hancock with marines reported due.

"American forces advance 8 a. m. under guns of war vessels to take city.

The Mexican sharpshooters occupied the roofs of houses in the central part of the city and were able to fire down upon the American marines and bluejackets as they neared the land from the vessels lying off shore.

Will Be No Backward Step Tampico Next Objective Point

(ASSOCIATED PRESS TELEGRAM) Washington, April 22.—President Wilson had hoped that the seizure of Vera Cruz might have been accomplished without loss of life or bloodshed. He has determined, however, that there shall be no backward step. For the present the United States will content itself with holding the customs house at Vera Cruz, containing duties and preventing shipments of arms from reaching Huerta. Tampico is the next objective point. It has not yet been decided whether a blockade alone will be maintained there or the customs house seized. The passage of the resolution in congress has given the president the feeling that he is justified in going further ahead now with aggressive steps, but he wants to have the full effect of the seizure of Vera Cruz impressed upon Huerta with the hope that he may be brought to terms without plunging further into armed conflict.

Secretary Bryan was the president's first visitor early today. He too, showed a change in demeanor. His eyes were sleepless and his face ashen white. He denied a report in circulation that Charge O'Shaughnessy had been given his passports or was about to be recalled, or that Charge Alguara was to be given his passports. Mr. Bryan said he had been in communication late yesterday. No disturbances in Mexico City or administration against Americans had been reported he said. He said he thought O'Shaughnessy's dispatch was filed yesterday afternoon, late.

City Taken Today Without A Single Casualty Occurring

SUBSTANCE OF MEASURES UNCHANGED

(ASSOCIATED PRESS TELEGRAM) Washington, April 22.—In addressing the House in support of the substitute for the House resolution of justification, Mr. Flood said that when he introduced the original resolution Monday he believed it was in the proper form to carry out the purposes outlined in the address of the President.

"The original resolution made it clear that this country was not hostile to the Mexican people," said Mr. Flood, "and did not desire to make war on Mexico; the Senate amendment states this in so many words. The substance of this resolution, is, therefore, unchanged. In this momentous hour, and in the circumstances confronting this country prompt action justifying and approving the course of the President is the utmost importance and it would be childish to quibble over the words of the resolution when the substitute is the same, and this is the view of the President. I fear that an attempt has been made by gentlemen on the other side to make partisan capital of the present unfortunate situation between this country and Mexico. I hope the gentlemen have exhausted their misguided efforts in that direction and that this hour will give its approval to the chief executive of this nation without a single dissent."

"I do not believe that we ought to engage in a war with Mexico at this time for the reasons suggested by the President," said Representative Mann, who followed Mr. Flood.

"Mr. Speaker, if we pass this resolution we have entered on war. Already we have fired on, and killed Mexican citizens already involved in war in Mexico. I believe we ought to be patriotic enough to try to secure peace."

"I have believed the 'watchful waiting' policy would involve us in war. I had hoped to prevent it."

As Speaker Clark stood with poised hand about to attach his signature to the resolution, Representative Mann made the point that he was acting without authority, and it was necessary for the Senate to be informed that the House concurred in its substitute.

The speaker replied that he had no doubt Mr. Mann was technically correct and thereupon Representative Underwood said he would move that the House recess until noon when the Senate would convene.

HOUSE CONCURS IN RESOLUTION

(ASSOCIATED PRESS TELEGRAM) Washington, April 22.—Without debate and without the formality of a roll call the House today concurred in the administration's Mexican resolution as adopted by the Senate which justifies the President in using the armed forces of the United States in securing amends for indignities suffered by the nation of Mexico.

On the viva voce vote the ayes were in pronounced majority.

A few negative votes were heard here and there on the Republican side when Speaker Clark put the question. After a 30-minute session the House adjourned until noon when Speaker Clark will sign the resolution. It will then go to Vice President Marshall and should reach the White House late today.

NINTH CAVALRY IN CAMP. Douglas, Ariz., April 22.—The Ninth cavalry was called in camp last night and held ready for any emergency. Troop L was placed on border patrol between Douglas and the International line.

Firing Commenced at Daybreak and Mexican Sharpshooters Tried to "Pick Off" American Blue-jackets by Firing From Housetops

CITY BEGINS RETURNING TO CIVIL GOVERNMENT

American Commander Has 3,000 Men Under His Command Ashore and Has 9,000 Off Shore—Regular Huerta Troops Have All Left the City and Only Straggling Soldiers, Citizens and Policemen Keep Up the Firing—Tampico Will Next Receive Attention.

(ASSOCIATED PRESS TELEGRAM) Vera Cruz, April 22.—Vera Cruz, after a day and night of resistance to the American forces gradually ceased its opposition today. Urged by Rear Admiral Fletcher the city began returning to its normal civil government under its own local officials.

The gradual cessation of hostilities which was brought about by notes sent by Consul Wm. Canada to the Mayor, the jefe politico or chief federal civilian official, the chief of police and other officials calling upon them for their cooperation.

The chief point from which the Mexicans fired was in the central part of the city. From the two houses forming the Diligencia hotel, the sharpshooters directed a most troublesome fire.

Housetop fighting has been more or less continuous since the operations began sharply this morning after sunrise.

Captain William Rush, commander of the battleship Florida, had received orders not to effect any advance but to hold the positions he had taken yesterday. Captain Rush had under his orders ashore nearly 3000 men, while off shore there were awaiting his call as many more as he needed up to 9000 men.

Rear Admiral Fletcher was determined not to lose more men than was absolutely necessary and for this reason in all probability did not utilize the forces under his command ashore in charges to advance on the positions held by the snipers.

The Mexican sharpshooters appeared not to have diminished in numbers today and with daylight their Mauser bullets appeared to take a change of direction. The Mexican troops belonging to the regular establishment had practically all left the city and the firing was carried out by armed citizens and straggling soldiers and policemen.

COULD NOT DELIVER THE NOTE OF ADMIRAL FLETCHER.

(ASSOCIATED PRESS TELEGRAM) Vera Cruz, April 22.—Rear Admiral Fletcher's note to the local officials calling on them to co-operate with the American officers in the restoration of order by calling off sharpshooters and by resuming the local government could not be delivered.

Julio Franco, the Mexican, chosen by American Consul Canada to be the bearer of the warning, was unable to communicate with any of the federal officials and only the mayor, Roberto Diaz, could be located. When Franco tried to communicate with the mayor he was refused admission by Mexican guards stationed at the door. Franco then crawled over the roof of an adjoining building into the court of the Diaz residence, but he did not succeed in seeing the mayor.

Senor Diaz refused to leave his bedroom so Consul Canada's messenger shouted the contents of Rear Admiral Fletcher's note to the mayor and personally appealed to him to yield in order to save the city from bombardment by the American ships, reminding him of the grave risk to the families of Mexicans and others in the city.

Communication between the port of Vera Cruz and the federal capital has been entirely severed. All the telegraph and cable wires are down and E. F. Hudley, superintendent of terminals, has been unable to ascertain what has become of the trains that were on their way here yesterday from Mexico City when the landing of American marines and blue jackets took place. At the terminal here there are eight locomotives and several hundred cars.

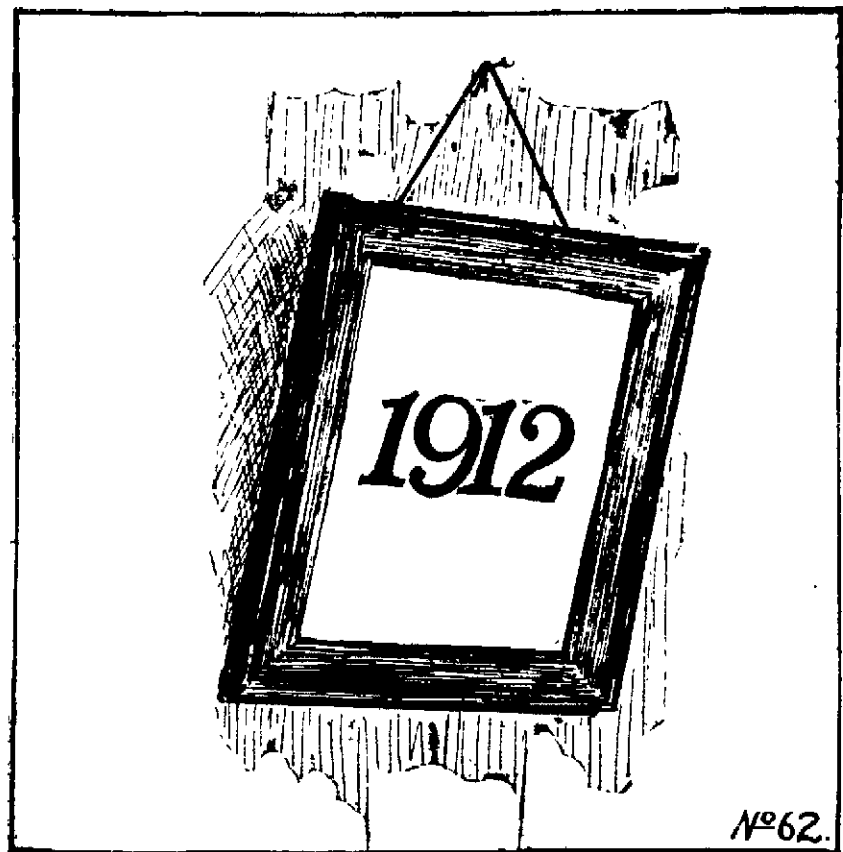

The unwillingness of storekeepers to keep their places open and the almost total depletion of supplies at the restaurants where the proprietors continued doing business made it difficult for anyone except the American fighting forces to obtain anything to eat. Tobacco is another commodity of which the supply has practically become exhausted.

The number of foreign refugees on board the Esperanza was increased today when several people, mostly Americans took advantage of the lull in the firing during the early hours to go on board the vessel. The captain of the German steamer Apiranga which brought the arms

Clip out your coupons neatly, and fill them out clearly and plainly, remembering that in the event of a tie for any prize between two or more contestants, neatness and clear writing will win the judges' favor. The picture is to be a part of the coupon. Do not detach the coupon from the picture.

Send no answers whatever to the Advocate until the contest is ended by the publication of Picture No. 70. Any answers received before that time will be destroyed and will not be counted. Read the rules carefully.

Rules of the Booklovers' Contest.

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the title of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will; but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used; if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the picture and coupon must be used for each of the answers; and not more than five answers to any picture will be permitted.

If any one of the five answers that may be given to any picture is correct, the contestant will be credited for the correct solution and will not have the incorrect ones counted against his or her chances. Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 250 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to the one whose answers are most neatly prepared, in the opinion of the Judges.

No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 250 coupons, with accompanying pictures.

Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office, and should be addressed to "Contest Editor," Booklovers' Contest, Advocate, Newark Ohio. The awards will be made strictly according to the correctness of each set of an-

swers, and the correctness shall be determined by the Finding List, the catalogue issued by us as governing the Booklovers' Contest. This catalogue can be obtained from the Advocate office for 25c (27 cents if by mail), and will include in its 5000 titles every one used in the contest. Awards will be announced in this newspaper after the close of the contest.

It is not absolutely necessary to send in solutions on blanks clipped from the Advocate, as duplicate pictures may be drawn by the contestant, if he or she so desires, or duplicate blanks may be obtained at the office of the Newark (Ohio) Advocate.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or Bladder troubles you—Salts is fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the back or neck, sharp pains in the back or neck, headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often feel irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

UNCLE SAM NOW IN FULL POSSESSION

(Continued from Page 1.)
and ammunition here for General Huerta's government today reported to Rear Admiral Fletcher his willingness to take on board all refugees for whom he had room. The rear admiral thanked him but informed him that there was still space left on board the Esperanza.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 22.—The White House gave out the following statement:

"Dispatches received from Consul Canada at Vera Cruz at 1:10 p. m. announced that the American forces are now in complete possession of the city; that there were apparently no fatalities, among American and foreign non-combatants, and that firing had ceased except for picket shots.

President Wilson today sent to congress a message asking for an immediate appropriation of \$500,000 to be used to bring Americans now in Mexico back to their homes in the United States. The message was referred to the appropriations committee.

The President's message to congress follows:
"In view of the exigencies created by the existing situation in the Republic of Mexico, I recommend the immediate passage by the congress of an act appropriating \$500,000 or so much thereof as may be necessary to be placed at the disposal of the President for the purpose of providing means to bring to their homes in the United States American citizens now in Mexico."

The president signed the resolution at 2:05. Only his family was present.

In the event of extraordinary expenses which would arise naturally during a state of war, money could be raised, it is pointed out, precisely as it was raised during the Spanish American war, through extraordinary taxes. It has been estimated that a beer and stamp tax would increase the revenues of the government by at least \$100,000,000 a year.

It is expected there would be no hesitancy either in the House or in the Senate to re-enact certain parts of the revenue measure of the Spanish-American War.

Despite the purpose of the administration to confine the operations at Vera Cruz the situation took on an ominous aspect which indicated that more serious consequences cannot be averted. Though not officially announced it was reported on high authority that Senator Alcala, the Mexican charge d'affaires had been directed by Huerta to ask for his passports and that the American charge at Mexico city, Mr. O'Shaughnessy, had been asked to leave.

With this prospective breaking off of diplomatic negotiations together with the reports of aroused feeling among the Mexicans, the feeling is here that it may be necessary in the near future to resist active attacks from Mexican Federal soldiers.

Everything is in readiness for actual warfare if it must come, and congress today took the final step in justifying the president's course thus far.

The dispatches from Vera Cruz that reached the state department today developed that communication with the American embassy at Mexico City had become completely cut off. Consul Canada said that all efforts to communicate with the embassy where charge O'Shaughnessy is located had failed. The department has not heard from the embassy since Monday and some anxiety was felt as to conditions in the Mexican capital. The absence of news led to various reports that disorders were rife in Mexico City.

Secretary Bryan appeared worried about the situation. Dispatches from Consul Canada stated that the Huerta forces in Vera Cruz had cut off all communication with the capital.

AMERICAN FORCES NUMBER 3000.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 22.—American consul Canada cabled under date of nine a. m. today that he expected fighting to cease within an hour. The total American forces ashore numbered 3,000. They were well into the city and had the situation in hand.

WILSON'S SORROW FOR LOSS OF LIFE.

Washington, April 22.—"I'm sorry, terribly sorry," was President Wilson's first words when news of loss of life in taking Vera Cruz first reached him. Today the president was sad and disheartened. As he walked slowly to his office through the White House, his head was bowed and his face a study of deep feeling and gravity.

150 MEXICANS KILLED IN BATTLE.

Washington, April 22.—Consul Canada reported today to the state department that 150 Mexicans were killed and wounded yesterday at Vera Cruz.

AMERICANS ADVANCE TO TAKE ENTIRE CITY OF VERA CRUZ.

Washington, April 22.—The American forces commenced an advance to take the entire city of Vera Cruz at 8 o'clock under guns of the war vessels, according to a report from Consul Canada, received at the state department at 10 o'clock this morning.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 22.—In Rear Admiral Fletcher's proclamation to the people of Vera Cruz, he called them in the interests of humanity to co-operate with him in restoring order. He said they could carry on their municipal government as before and that the United States merely would hold the customs house and patrol the city.

HOUSE EULOGIZES SEAMAN KILLED AT VERA CRUZ

Washington, April 22.—George Poinsett of Philadelphia, the seaman on the Florida killed at Vera Cruz yesterday was eulogized in the House today as "the Worth Bagley of the Mexican trouble."

Representative Moore of Pennsylvania in calling attention to the fact that Poinsett was the first man killed in the intervention in Mexico declared that "whether we have entered upon this war wisely or unwisely, we have at least demonstrated our wisdom as a nation in being prepared for war."

He added: "A father who yielded to his boy's desire to serve his country has been bereft of a son, but the nation has added the name of that boy to its roll of heroes."

TROOP OF CAVALRYMEN HAS REACHED CALEXICO.

El Centro, Cal., April 22.—The troop of seventy-four cavalrymen which left Vera Cruz yesterday for the international border yesterday from Mexico, would be insufficient to protect that place against the Mexican federal garrison of 400 regulars at Mexicali, Lower Calif., just across the line, in the opinion of Captain Poillon, commander of the troops.

Captain Poillon immediately after his arrival looked over the situation, noting the formidable location of the Mexican federal barracks and its equipment of two machine guns. Then he agreed with Captain Seymour of the same guards that additional men would be necessary to accord adequate protection in case of trouble.

A call for 250 volunteers to meet in El Centro at noon today was issued and meetings were held in every town in Imperial Valley to provide and arm the number desired.

RECRUITING OFFICERS BUSY AT PITTSBURGH

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, April 22.—Recruiting officers were busy in local armories last night and today bringing the commands of the Penna. national guard to a full peace footing in anticipation of orders placing them on a war basis. The Fourteenth and Eighteenth regiments battery B. and troop H. have their kits packed and can move in a few hours when ordered. Headquarters of the Tenth Pennsylvania at Greensburg, Pa., received many applications for enlistment. Two recruits saw active service in the Philippines.

WILL RETURN CARGO TO GERMAN OWNERS.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 22.—Disposition of the guns and ammunition in the cargo of the German vessel Ypiranga which were held up at Vera Cruz when Admiral Fletcher took the port was arranged for at a conference between Secretary of State Bryan and Ambassador Von Bernstorff of Germany. The captain of the vessel being unable to secure clearance papers at Vera Cruz will return the cargo to its owners in Germany, although the Huerta government paid advance for the munitions.

NO TRUTH IN REMOVS. ANENT RESIGNATION.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 22.—The publication of this statement: "Secretary of State Bryan has wholly denied emphatically the report that any member of the cabinet had resigned. He said that the subject had not been considered by any member of the cabinet and had never been discussed." The statement was issued in connection with a report that Secretary Bryan was about to resign.

ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

Use like cold cream to subdue irritation and clear the skin.

Constant or intermittent irritation producing itching and red, angry eczema patches on the skin is readily relieved with bold-sulphur cream. The moment it is applied the itching stops and the healing begins, says a noted dermatologist.

It effects such prompt relief, even in aggravated eczema that it is a never-ending source of amazement to physicians.

For many years bold-sulphur cream has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties. It is not only parasiticide but also antipruritic and antiseptic and nothing has ever been found to take its place in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching; subdues the irritation and heals the inflamed raw skin right up and it is often years later before any eczema eruption again appears.

Those troubled should get from any pharmacist an ounce of bold-sulphur cream and apply it directly upon the affected skin like you would any ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the eczema is accompanied with itching.

ONLY DESULTORY FIRING DURING THE NIGHT AT VERA CRUZ

(ASSOCIATED PRESS TELEGRAM)
Vera Cruz, April 22.—There was only desultory firing here during the night. Occasional shots were fired from the roofs of houses in the outskirts of the city but the shots averaged not more than four an hour, and no further casualties were recorded on the American side.

The street lighting system failed early last evening and the only illumination during the night came from the interiors of the houses.

The losses of the Mexicans in yesterday's fighting could not be even roughly calculated this morning. Much of the firing by the American marines and bluejackets was at long range, and no attempt was made during the night to approach the center of the city, in which some determined Mexicans still occupy positions.

At dawn some bodies could be seen lying about the streets beyond the American lines.

Efforts of Rear Admiral Fletcher late last night to find some one who exercised command over the Mexicans and to suggest that he call off his men in the interest of humanity were unsuccessful. The Rear Admiral hesitated to open fire with shell on the city, but the presence of rifleman hidden behind the copings of the flat roofed buildings which formed shelter for the defending sharpshooters made the use of artillery almost imperative to prevent sacrificing the lives of more Americans.

Serious fighting on the part of the Mexicans, early today, appeared to be concluded. During the night there was an occasional shot from roofs, sometimes even within the American lines and it was unsafe to traverse the streets.

The Americans have not yet occupied the central part of the city and more fighting may be necessary before the town is in their undisputed possession.

CANNOT LOCATE THE AMERICAN EMBASSY AT MEXICO CITY.

(ASSOCIATED PRESS TELEGRAM)
Washington, April 22.—Consul Canada in a despatch to the state department this afternoon said that he had so far been unable to establish communication with the American embassy at Mexico City. He said a house to house search was being made through Vera Cruz and many arrests of armed Mexicans were being made.

MEETINGS GROW IN INTEREST AT A. M. E. CHURCH.

The evangelistic services being conducted at Trinity A. M. E. church continue to grow in interest. Last night's topic was "Spiritual House Cleaning" and the speaker impressed upon the audience that their own house should be cleaned up first and then aid in the renovation of the house of their neighbors, likening the moral lives of the people to their houses. The subject tonight is "Popular Amusements."

Who Can Doubt Sworn Testimony of Honest Citizens

Some time ago I began the use of your Swamp-Root with the most remarkable results. For years I was almost a wreck, and was a great sufferer. The doctors who treated me made me believe that my great sufferings were due to female trouble. I was so bad at times I would faint away and had sinking spells. Finally a new doctor was called in and he said that I had kidney trouble and gave me medicine, of which I took several bottles. I obtained some relief from this but I was getting weaker all the time; I could not sleep and suffered so much pain that my husband and children had to lift me in and out of bed. After this time two friends sent me word to try Swamp-Root, which I did, and I am glad to state that the first dose gave me great relief. After taking the third dose I was helped into bed and slept half of the night.

I took several bottles of Swamp-Root and I feel that I owe my life to this wonderful remedy. The two family doctors said that I could not live three months. I would have to be helped in and out of bed ten to twenty times every night. After taking Dr. Kilmer's Swamp-Root for two days I was entirely free from getting up and could sleep soundly.

STUNNING SUIT AT T. L. DAVIES, BOOKLOVERS' PRIZE

Nearer and nearer draws the end of the Booklovers' Contest and soon the valuable list of prizes will be awarded. One that will be eagerly sought after is the \$25.00 lady's suit at Davies Dry Goods Store. Their reputation for ready-to-wear garments is known far and wide, so the winner of this prize will be sure to get a suit that is right up-to-the-minute for style, and of course the quality is there or it would not be offered as a prize in the Booklovers' Contest. Beginning this week the Davies store has inaugurated a unique sale of suits—we say unique because it is so early in

the season for a garment sale. Full particulars of this out of the ordinary event have appeared in their advertisements on page two of this paper, in Monday's and Tuesday's issues. Women who read these important announcements and took advantage of the extraordinary buying opportunity presented feel well repaid, for now one can save from \$5.00 to \$10.00 on any suit in the store. We would suggest, that if you still have your spring suit to buy, to go to Davies for all means for the values that are being offered are those really good kind, that are so seldom to be had, for instance: \$15 suits are now \$9.95, with the same price of reduction up to the highest priced garments. Again we say, do not let this opportunity pass you unheeded, it might be slow in coming again.

RHEUMATISM AND LUMBAGO CURED BY LAX-URIC

Pittsburg Residents Testify.

Many prominent residents of Pittsburg tell us of the prompt and permanent relief they obtained in severe cases of Rheumatism and Lumbago by the use of Lax-Uric, a new discovery, so much talked about in all quarters.

This new medical discovery is a combination in powder form of the valuable ingredients of the famous mineral waters of Bohemia, reinforced by the addition of Lithia and Phosphate of Soda. When added to water it makes a pleasant sparkling drink, and is absolutely harmless. Lax-Uric acts as a laxative and uric acid solvent and eliminates in the natural way all poisonous matters from the system, thereby relieving Lumbago, Rheumatism, Gout, Backache, Kidney and Urinary Troubles, and many other dangerous Uric Acid conditions. Get a bottle of Lax-Uric today at Frank D. Hall's drug store, and enjoy good health again.

MARTINSBURG.

The many friends of Mrs. Ollie Russell Baker were grieved to learn of her sudden death at her home in Coshocton last week. She was the daughter of Mr. and Mrs. D. S. Russell north of town and was a member of the class of 1912 of the P. H. school.

Her high school course was finished in Danville, where she later married Mr. Baker. Two small children are left to the care of a husband. Mrs. Jacob McCament of this place is a sister of the deceased. Funeral services were held in Danville Friday.

Mrs. Sarah Bucy received the sad news Saturday of the tragic death of her niece Mrs. Angie Wright who was killed in Newark by the running away of a team of horses. Mr. Joe Burnell will move to Bucyrus soon. The residence vacated by him will be occupied by T. L. Beatty. Walter Van Winkle will occupy the house vacated by Mr. Beatty.

Easton exercises were conducted in the Disciple church Sunday evening. Rev. J. W. Waters attended Presbytery at Zanesville Monday and Tuesday.

Mr. Oliver McMillen has sold his property to J. L. Burkhold. Mr. McMillen will retain possession for one year. A number of our young people will attend commencement at Bladensburg Friday night.

Brings Sweet Slumber To Nerve-Wrecked People

Hundreds With Nervous Trouble Are Being Benefited by Morse's Glycerole, the Purely Vegetable Nerve Tonic Which the T. J. Evans Guarantees.

That old devil insomnia is the greatest booking agent on earth. The result of his never ending labor is so great that it requires thousands of sanitariums and hundreds of insane asylums to take care of his bookings.

The overflow he sends to prisons, jails, workhouse and graveyards. Of course, he has some help; his chief aids are morphine, bromides and other products.

Insomnia is a great disease; it means that the great nervous system, the real life of the body, is impaired and the disease should be healed promptly and sensibly.

Morse's Glycerole is a pure vegetable nerve tonic, that will force old insomnia to cut your acquaintance in short order. The formula is on every label.

It is such a safe and harmless nerve sedative that thousands of physicians prescribe it for teething infants—mothers should remember this.

It is guaranteed for brain fog, nervousness, sleeplessness, despondency and lack of vital force.

For people broken in health from over indulgence in alcohol or tobacco or from excess of any kind, Morse's Glycerole is guaranteed.

Reads pretty strong, and it is the strongest guarantee that anyone can give. But Mr. Hazen Moore, the expert chemist, who has been scientifically compounding Morse's Glycerole for physicians and hospitals for 30 years, knows so well what his product will do; that he is willing to pay the price if Morse's Glycerole fails to benefit run down people. Large bottle for \$1.00, smaller one for 50 cents—24 vage booklet free. Ask T. J. Evans.

Margaret Fulton, of Columbus, asks \$11,000 damages for injury to her spine in a fall from a street car which started suddenly as she was alighting.

WHY DOCTORS NO LONGER CLAIM TO "CURE" PEOPLE

A few years ago it was a common thing for the family doctor to say, "I will cure you in a few days." This cheerful prophecy often gave the patient new hope and courage but it is no longer good form. Doctors still "cure" malaria and a few other troubles in which their medicines have a direct or "specific" action on the virus of the disease. In other cases they simply give supporting medicine and keep up the strength of the patient until nature effects a cure.

Dr. Williams' Pink Pills cure chlorosis and other trouble due to thin blood because they have a specific action on the blood, building it up, purifying and enriching it. This direct action on the blood also makes them the best supporting and strengthening medicine. If you are thin and weak, breathless after slight exertion, if you have palpitation of the heart, gas on the stomach, cold hands and feet, if you are nervous and easily irritated and show other signs of weakened vitality, try these strengthening pills at once and let the rich, red blood cure you. Get a box today at the nearest drug store and begin at once to build up your health.

Write now to the Dr. Williams Medicine Co., Schenectady, N. Y., for the free booklet, "Building Up the Blood."

SIMPLE WAY TO END DANDRUFF

Stop Falling Hair and Itching Scalp.

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need) apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy, every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you value your hair, you should get rid of dandruff at once, for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stinky, straggly, dull, dry, brittle and lifeless, and everybody notices it.

Great Singers Must be "Tobacco Wise"

Tuxedo is the Tobacco Chosen by Opera Stars

MEN who depend upon their voices come to know tobacco as the ordinary smoker never knows it. A sensitive throat or mouth feels the slightest sting, bite or scorch of tobacco.

Tuxedo is the one tobacco which singers, actors, public speakers—all men who guard their throats zealously—can smoke with pleasure and safety.

Tuxedo tobacco cannot sting, bite or irritate the delicate membranes of the mouth or throat.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo tobacco has made thousands of men converts to the pipe, because it has made pipe-smoking possible for them. Under the famous "Tuxedo Process" the mild, tender leaves of the highest grade Burley tobacco are so skillfully treated that Tuxedo burns slowly and affords a cool, mild, thoroughly enjoyable pipe smoke.

Leading men in all walks of life—well-known doctors, lawyers, ministers, lecturers, etc.—smoke Tuxedo and testify to its soothing influence on the throat.

"Learn to Think Individually And Act Collectively" Is the Board of Trade's Idea

"LEARN TO THINK INDIVIDUALLY AND ACT COLLECTIVELY." This is the sentiment which it has been the object of the Board of Trade directors to create and develop in Newark, and the success of the campaign inaugurated for the raising of a factory fund, to be used for the city's industrial progress is assured.

It has been the aim of the directors and executive committee of the Board, to adopt the best plan, and the one announced was the result of much careful consideration. It was explained so that each citizen could easily grasp its import, and freely give his INDIVIDUAL INDORSEMENT.

When this was accomplished, and the time seemed ripe the plan was taken before many ORGANIZATIONS OF INDIVIDUALS, representing social, industrial, fraternal, and other activities, where it was given the hearty endorsement of these men as ORGANIZED BODIES. Success here meant inspiration and encouragement and further action was taken along the definite line proposed, and INDIVIDUAL APPROVAL, HAS BEEN ORGANIZED FOR CONCERTED EFFORT.

This last is the broadest of any heretofore, and will include THE ENTIRE CITY IN THE SCOPE OF OPERATION.

For this purpose the city has been organized into project districts, where a captain has been selected to direct the efforts of bands of personal workers in each of these districts.

These men are imbued with an ENTHUSIASM THAT IS CONTAGIOUS and after they have concluded their work, the MAN WHO HAS FAILED TO RESPOND and join the progressive movement toward a bigger and better city, WILL BE A VERY LONESOME ONE and in fact an anomaly in the general scheme.

Thus it will be seen that all along the executive committee has acted in accordance with the proposed idea of keeping in mind at every step THE IMPORTANCE OF THE INDIVIDUAL to make effective the organized work that is yet to be and will be accomplished.

AN INCREASED TAX DUPLICATE.

(O. S. Journal.)
We are told now that the assessment of taxable property under the Warnes law shows a gain of \$48,000,000 up to date. That is what we have been wanting a tax law to do for years—get a complete and honest assessment. It is being done as it was never done before, and it is said at a less cost. Who wants anything better than that? It is what this paper has been working for for years. This it has done on moral as well as economic grounds. A dishonest assessment of property has done untold harm to Ohio. It has paralyzed its moral vigor, or, as Judge Evans says in his book, "Taxation in Ohio," "The tax system of Ohio is sapping the foundations of the Christian religion." And it's a fact, too.

But the law is no doubt, opposed by many people because it is a Democratic law. That is a mighty poor reason. If it is doing good work, and keeping people from committing perjury, we don't care who passed it. We have been trying for years to get a Republican legislature to pass it and failed. Now that Governor Cox has got a Democratic legislature to pass it, shall we kick? We guess not. What men of sincere purpose and high views want are results and we are getting them under the Warnes law. It may not be in all respects a perfect measure, but it will do for a beginning.

This sort of legislation is for the people. Already the tax commission intimates that this increase in the assessment will find its way in the reduction of the tax rate. If this is the result, and it is likely to be, this new tax law will be the greatest piece of legislation Ohio has had for years. The law might have been entitled, and act to apply the motto, "Honesty is the best policy."

SCHOOL CENSUS TAKERS CHOSEN; ACTIVE SESSION

Discussion of commencement plans, with graduation only eight weeks' distance, and election of school enumerators for this year, were matters of chief importance which came before the board of education in its meeting Tuesday night.

Of six applicants for the positions of enumerators, four were chosen, the same number as last year. Miss Mary Miller and Mrs. Mary Andrews, both of whom served last year, were elected, and two new ones, Mrs. Elizabeth Connell and Miss Helen Scott.

The enumerators are supposed to start their rounds the first of the month. Two weeks is the usual time allowed them to complete their work.

The board authorized the superintendent and High School principal to proceed with their arrangements for commencement along the usual lines.

There was some discussion of the choice of a clergyman to deliver the annual baccalaureate sermon. Recommendations were made and it appeared the consensus of opinion that in the order of choice Rev. Lewis P. Franklin, rector of Trinity Episcopal church, would be entitled to the first invitation this year. Cleo Haight was designated to confer with Rev. Mr. Franklin.

It appears that the custom of holding the baccalaureate service in the High School auditorium in the afternoon has met with general favor, since it does not interfere with other services in the churches and permits all who desire to attend to do so without missing the night services in their respective churches.

The matter of equipping one room of the Fourth street school with dark shades, making it convenient for the operation of a stereopticon, presented by J. K. Dewey, was discussed, and the board was asked to consider the necessity for a flagpole at the Fourth street building to accommodate the new flag donated the school by the Women's Relief Corps. Both matters were referred until the summer vacation when the board will be in better position to act upon them.

The April teachers' payroll was allowed and the president and clerk were authorized to borrow \$11,000. G. D. Donaldson, representing Methodist families on the South Side was granted his request for use of one of the Third street school rooms for a Sunday school class.

Member Miller, president pro-tem, asked the board to agree to the sale of the Fifth school building to some person who would wreck the structure and remove it. The board consented and agreed to ask for bids with the understanding that it would not interfere with private sale should the board see fit to dispose of it in that manner.

Architect Vernon Redding recommended payment of several estimates. A communication from the Federal

ARBOR DAY WILL BE OBSERVED BY NEWARK SCHOOLS

Plans for observance of Arbor Day by the public schools were reported to the board of education at its meeting Tuesday night, and indications are that many a public school pupil this summer will be attending a little garden which is quite his own.

Thousands of packages of garden seed, plants and decorative arborism, are in the hands of Newark public school pupils. Most of this supply has been purchased for one cent a package from a concern which makes a specialty of furnishing such supplies at a cut rate.

Nearly 100 trees are to be planted Friday in Newark public school playgrounds. Young men of the High School Athletic club will plant fifty elm trees in White field. Pupils will plant twenty trees which the school board has obtained for the Mound grounds fifteen at the Hartzer building and eight or ten at the Keller building. Several more trees will be planted in the Indiana school ground after grading and erection of a fence.

On Second Thought

Buck Kilby says his chief objection to his job as a reporter is that it brings him in contact with the public.

The most popular verdict is that of "guilty as charged." The people never are much interested in the triumph of innocence.

Give a drunken man his choice of any thing and he will take out a license permitting him to annoy busy people.

There is nothing of which a woman tires so quickly as a husband who is always under her feet.

A drunken woman probably is the most effective temperance argument.

The Early Fly.

The early fly is here; you see him buzzing near, so take your stand with club in hand, and soak him in the ear. The early flies are worst of all the breed accused; for they'll give rise to countless flies which cannot be dispersed. One active April fly, unless you make it die, will bring a slew, your meat to chew, and spoil the milk and pie. So, like the Maid of Arc, arise in helm and sark, and swat thy flies between the eyes, from daylight until dark. Thus serve your native land, a swatter in your hand, and then your name in Hall of Fame, on sculptured stone will stand. There is no better plan to help your fellow man: a peril dies with dying flies, so swat them while you can. Just so you kill the brutes, the method little boots: one takes an axe and breaks their backs, one takes his gun and shoots. I know one earnest gink who drowns his flies in ink; some fellows boil their flies in oil—a first rate scheme, I think. But any plan will do, just so you kill a few, each passing day, so slay and slay with purpose high and true.

Mrs. T. C. Coulter delightfully entertained the members of the Unity Reading circle at her home in Buckingham street on Tuesday afternoon and the following interesting program was given from the calendar: Quotations—Current Events. Woman's Suffrage, negative, Mrs. Clunis; Affirmative, Mrs. Mitchell; general discussion. Critic—Miss Murphy. Mrs. Coulter entertained as her guests Mrs. John Wickham, Mrs. John Meridith, Mrs. E. S. Randolph, Mrs. Lester Bradley and Mrs. Carl Danner.

The Minerva club was entertained on the club afternoon at the home of Mrs. H. O. Cramer in Wyoming street. Sixteen members responded to the roll call after which the hours were given to needlework and a delicious luncheon was served. The guests were Mrs. Fred Marvinsky, Mrs. J. M. Farmer, Mrs. M. F. Lake, and Mrs. J. R. Warner. The next meeting will be with Mrs. R. L. Williams, 428 Maple avenue on April 23.

The first meeting of the Tuesday Afternoon Bridge club since the Lenten recess was held at the home of Mrs. David F. Dowden on Tuesday afternoon, Mrs. Frank Merion being the entertaining hostess. The rooms were prettily arranged with clusters of roses, and the game concluded with the favors being awarded to Mrs. Frank Bartholomew and Miss Jessie Robbins. The guests of the club were Mrs. Glover, Miss Merion of Columbus and Mrs. Jennings of Lancaster.

The Daughters of Catherine von Bora were entertained at the home of Miss Josephine Hull in James street, Tuesday evening. The evening was spent in music and games, after which a dainty luncheon was served.

The guests were Misses Leah Orr, Hazel Whitaker, Garnett Hertle, Beatrice Stauffer, Faye Shire, Gladys Smith, Ruth Deming, Mary Kappas, Hilda and Esther Solinger, Josephine and Lillie Johnson, and Esther Markham.

Mr. and Mrs. Charles Windsor (Nina Swisher) have returned to their home in Fairmont, W. Va., after visiting Miss Clotilde Howard in Clinton street. Miss Howard entertained with a theatre party at the Auditorium Theatre on Saturday for Mr. and Mrs. Windsor, who stopped in Newark enroute home from their wedding trip through the west. Mrs. Windsor has been the guest of Miss Howard on numerous occasions.

REMARKABLE CURE OF NEWARK BOY BY BONESETTER REESE

A remarkable cure was effected by Bonsetter Reese of Youngstown, in the case of Bernard O'Neill, the seven year old son of Mr. and Mrs. Albert O'Neill, of 157 East Main street, Mr. O'Neill having just returned home with the child on Tuesday. Two years ago in October the lad fell from his bicycle and after being in bed for nine weeks, he was able to get around, but his right foot was badly crippled and his back was also affected. He failed to show any improvement and it was thought his malady was paralysis. Several days ago the father, who is employed as a mail carrier, took the child to Youngstown. Bonsetter Reese made the examination and said that a nerve in the foot had been severed by the injury and a bone in the back was out of place. Under his treatment the child improved wonderfully and returns home completely cured.

Grant Shaw of Columbus spent Tuesday in Newark.

SUBSCRIBERS TO HOSPITAL PLEASE PAY

Rapid progress is being made on the new hospital construction. The plastering has been finished, and as soon as it is dry the inside finish of the building will begin. At the same time progress is being made on the nurses' home adjoining the new building. Up to date the trustees have met every obligation promptly, but additional estimates on the work will soon become due and it will be necessary to replenish the treasury. Several thousand dollars now due from subscribers should be paid at once. Those whose subscriptions are unpaid are urged to send remittance at once to Secretary Woodbridge at the Franklin National bank. Prompt payment will save the expense of sending a collector. Every dollar subscribed will be needed to finish the building, which is to be ready for occupancy about August 1st.

DR. WRIGHT IS SERIOUSLY ILL; STREET ROPED OFF

Owing to the serious illness of Dr. J. N. Wright, member of the Licking County Liquor License Board of Commissioners, Granville street from Tenth street to Woods avenue was roped off at noon Wednesday, the noise of traffic on the street, being deemed detrimental to the doctor's recovery. He is suffering from Bright's disease. It was stated Wednesday that there was little change in his condition, from that of the past few days.

BLACK HANDERS BLOW UP HOME; 20 ESCAPE DEATH

(Associated Press Telegram) Cleveland, April 22.—The lives of a score or more of persons were endangered early this morning when Black Hand operators exploded a heavy charge of dynamite under the home of Joseph Artino, 1402 Woodland avenue. Artino, his wife and four children, and a dozen other persons in the same house, and an adjoining building were blown from their beds. One corner of the building, which is occupied by two families and the front end which is used as a meat market, was ripped open by the force of the explosion. As the dazed occupants rushed into the street, there was a fusillade of shots fired by men who fled. Artino admitted receiving a black hand letter recently, but through fear, refused to divulge its contents to the police.

MISSIONARIES ARE ORDERED TO COAST.

(Associated Press Telegram) New York, April 22.—American missionaries in the interior of Mexico have been ordered to proceed with all possible speed to Vera Cruz. This order was contained in a cablegram sent by the board of foreign missions of the Methodist Episcopal church in this city to Dr. J. W. Butler, the board's representative in Mexico City. A reply received from Dr. Butler yesterday stated that a large number of American missionaries were already enroute to the coast.

Jud Reese was a business visitor in Columbus on Tuesday.

ONLY 4 Days Sick

Mr. Frank Bauer, of Minneiska, Minn., gives the following account of an attack of grip and how he got cured. He says: "I was attacked with the grip. Had a terrible cough. Asked my wife to get me a bottle of P.E. RUNA. My lungs felt as if knives were sticking in them. She got the Peruna for me. I took it four days. On the fifth day I took an axe on my shoulder and went out into the woods to chop wood. Perfectly recovered. My doctor bill was therefore exactly \$1.00 a great saving in time and money."

DANVILLE REMAINS "WET." (Associated Press Telegram) Chicago, April 22.—Anti-saloon forces yesterday failed by the narrow margin of 181 votes to drive the saloons out of Danville. This city was the largest of 40 in central Illinois where the saloon question was ballotted on. In the smaller towns the foes of liquor succeeded in closing 92 bars.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have.

Says Dr. Edwards, a Well-Known Ohio Physician. Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects. If you have a pale face, yellowish look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. FRANK INNOCENT SAYS DETECTIVES; NEGRO IS CHARGED

(Associated Press Telegram) Atlanta, Ga., April 22.—That Leo M. Frank, under sentence of death for the murder of Mary Phagan, 14-year-old factory employe, "is not a pervert and is innocent of the murder for which he has been convicted" is the substance of a report made public today by the head of a national detective agency, who has been investigating the case for several weeks. The detective was employed by friends of Frank after the latter's conviction. The detective charges a negro, formerly employed as a sweeper at the National Pencil factory with the crime.

THREE DEAD IN FIRE. Philadelphia, April 22.—Three persons lost their lives in a fire that destroyed their home here early today. CASTORIA For Infants and Children In Use For Over 30 Years Always Bears the Signature of Dr. J. C. Williams

Don't Trifle With Your Health!

—it is too precious a possession. It is trifling to neglect the little every-day kind of ailments. It is trifling, too, to take medicines of unknown or doubtful ingredients. If your stomach gets out of order, your food is not digested and, of course, your blood gets thin and you become weak, ready to be a prey to the disease germs always ready to attack the run-down and the anaemic. If your liver can't do its work, your blood becomes impure and many troubles follow. If your bowels are irregular, poisons accumulate in your body.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

(In Tablet or Liquid Form)

helps the stomach to digest food properly, strengthens the liver, regulates the bowels. As a consequence you are vigorous, full of snap and life! Forty years ago Dr. Pierce discovered that a glyceric extract of Golden Seal and Oregon grape roots, of queen's root and bloodroot with black cherry bark would aid all the digestive organs to work as Nature intended they should. Thousands have found that the Golden Medical Discovery has restored them to health when suffering from stomach and liver troubles. Now is the time for you to try this famous remedy and to secure for yourself a larger share of health and strength.

You can get the Golden Medical Discovery in tablet or liquid form from dealers in medicines—or send 50 one-cent stamps for a trial box of Dr. Pierce's tablets. The knowledge you ought to have about your body—and to enable you to avoid sickness—you will find in Dr. Pierce's great book, The Common Sense Medical Adviser. Thousands of copies have been sold at \$1.00 each, but you can get a copy free if you will send 31 one-cent stamps merely to pay for the wrapping and mailing of the newly revised and up-to-date edition. Address: Dr. Pierce, Invalids' Hotel, Buffalo, N.Y.

Now a Well and Happy Woman

"I took Dr. Gripe—had terrible pain in my side, and the doctor said one lung was affected," writes Mrs. S. Taylor, of Arnold, Kansas, Route 1. "I commenced using 'Medical Discovery.' Was in bed five weeks. Had cold sweats and was like one who was dying. I did not think I would ever get strong again. I used 'Golden Medical Discovery' for about five months, and now I am strong and have no cough of any kind. We used Dr. Pierce's medicine in the family for a number of years, but this winter I tried them myself and they are all that they are claimed to be. I cannot praise them enough, and hope anyone using these remedies will not give up. I often thought I did not so myself because I was so weak and discouraged but thanks to Dr. Pierce's family medicine I am a well and happy woman."

VERA CRUZ IS PICTURESQUE MEXICAN CITY

(Associated Press Telegram) Washington, April 22.—Natural features of the city of Vera Cruz and the character of the buildings along the bay and the line of two-story buildings which face it is a vacant space of about 300 yards of beach open to fire from house-tops. The custom house which can only be reached by crossing the open space stands in this solid group of buildings at the end of one of the two long piers where the foreign merchant ships land. Like most of the structures in the country, the flat roofed buildings with their high coping form a veritable fortification from which riflemen may pick off those below in comparative safety, sheltered by the high wall which surrounds the edge of a square of buildings. It was from this position that the Mexican troops opened fire on the bluejackets and marines. The remainder of the city, with its brick and plaster houses and its straight asphalt street, makes a pretty picture. Trees are scarce, their growth having been discouraged by the yellow fever epidemics, but the principal avenue which stretches the entire length of the town and out into the suburbs is lined with cocoa palms. The principal business street as well is bordered by rows of palms and almond trees. Along the wharves, the buildings are not unimpressive structures, uniformly, brick, two storied and flat roofed. This natural fortification officials who have recently returned from Vera Cruz, believe, saved the lives of many of the bluejackets and marines, as well as Mexicans, although the landing division was made up of some of Uncle Sam's best marksmen. The scattered and disorganized resistance on the part of the Mexicans is, in the opinion of these officials proof of the utterly helpless condition of the Mexican troops. The Mexican people as a whole, one of these officials declared, were not unfriendly to the United States soldiers and the various demonstrations which have occurred can be traced directly to petty functionaries and police. Many of the inhabitants of Vera Cruz, unlike most Mexican cities, carry a strong taint of black blood and the negro type is common among the citizens, though the negro himself is rare.

FEDERALS EVACUATE PEDRAS NEGRAS. (Associated Press Telegram) Eagle Pass, Texas, April 22.—Pedras Negras, opposite Eagle Pass was evacuated by the Mexican federal garrison early today, after a night of wild excitement. This morning more than 2,000 refugees came to the American side of the Rio Grande for protection. General Guadalupe's forces are camped at Fuentes, three miles south of Pedras Negras, waiting for troops to transport them to Saltillo. All federal forces have been ordered by General Maas to concentrate at Saltillo to meet the American advance. Last night when the federal forces learned that the Mexican federal garrison at Pedras Negras was evacuated, they were ordered to evacuate. The federal forces are now at Saltillo, waiting for the American advance. The federal forces are now at Saltillo, waiting for the American advance.

MR. W. J. MARTIN, OF ROANOKE, VA., HAD CATARRH 12 YEARS---BUT READ

One of the Strongest and Most Forcible Arguments in Favor of the Wonderful Quaker Herb Extract Came to Light at Humphries and Webber's Market Square Drug Store, When Mr. J. W. Martin, Living at 238 1-2 St. South East, and Employed at the Norfolk and Western Railroad Shops, Said:

"I have suffered with catarrh for the past twelve years. I believe I really had about as severe case of catarrh as any human being could be subject to. I had a horrible, nasty case. I had catarrh of the head, throat, stomach, and bowels, also had bronchitis, was subjected to hawking and spitting; scabs formed in my nose; headache; dizziness; sore throat; bad taste in the mouth; bad breath; dripping of nasty mucus down the throat, which caused me to have stomach trouble. I have pains in the stomach for the past four years; bad belching and bloating; pains in the chest; fluttering of the heart; was badly constipated. I have taken all the remedies I could find but nothing seemed to do me any good, but continually got worse so that I was very much discouraged. When I picked up a paper and read about the Quaker Herb Extract, I called to see him. He simply told me, as I understand he tells all sufferers, to try Quaker Herb Extract and Oil of Balm. And watch for results. I followed the suggestion and took the remedies according to directions. After taking one bottle, I felt better than I have felt for the past twelve years. I reported this to the Quaker Health Teacher, and he gave me the following suggestion, which I shall never forget: 'Continue taking the medicine, but as you gradually improve in health, gradually decrease the quantity of medicine, always bearing in mind that to be well means to be without taking medicine.' 'I am improving from day to day, and honestly think that every trace of catarrh is being eradicated from my system. I certainly do praise the Quaker Remedies for what they have done for me and recommend them to all catarrh and stomach sufferers.' Gaskin invites all those who suffer with catarrh, stomach troubles, rheumatism, or kidney or bladder troubles, to call and have a talk with him. It costs you nothing to have a talk with him. He is still at the City Drug Store, Third and Main streets, Newark, O. If you cannot call, order by mail and on receipt of price the medicine will be sent you at once. Quaker Herb Extract \$1.00 per bottle, 6 for \$5.00, box 2 for \$2.00. Oil of Balm, 7c. Quaker Cough Syrup, 2c. All Healing Salve, 2c. Send postage or express money order. Gaskin can be seen from 9 a. m. to 5 p. m. He proves what he says. Advertisement."

Chicago Grain and Provisions.
(Associated Press Telegram)
Chicago, April 22.—Largely on
account of war excitement, but also
because of the failure of predicted
rains, wheat prices today ran up rap-
idly. The market showed consider-
able increase of activity as well as
a higher range of values. Commis-
sion houses were well supplied with
buying orders, and there was but
little pressure to sell. Opening

wheat. In addition to bullish news
from Mexico there were reports of

MEXICAN COMMANDER
LEAVES VERA CRUZ.
SOLDIERS GET DRUNK.
(Associated Press Telegram)
Vera Cruz, April 22.—General
Gustavo Maas, commander of the
garrison at Vera Cruz left the city in
a carriage at noon yesterday, half
an hour after the first bombardment
of American marines landed from the
warships. This was stated officially
today and it was also declared that
he had not been seen or heard from
since that hour.
The commanders family followed
him in another carriage. It was
stated that the Mexican troops form-
ing the garrison of Vera Cruz were
turned loose as soon as it was seen
that the Americans were about to
land and were told to act as they
saw fit. Very few if any of their of-
ficers remained with the Mexican
soldiers, whose operations were car-
ried on without any one to direct
them. Some of the Mexican troops
obtained a considerable supply of in-
toxicants by looting two stores. As
a result many of them were in a
condition which made them equally
dangerous to natives and foreigners
who came within their range.
Col. Cerrillo was one of the few
officers who remained with the Mex-
ican troops. He was the com-
mander of the 10th battalion and
was injured in an arm early in the
fighting.
The Mexican troops had one 75
millimeter gun which they placed in
position at the corner of Estaban
Morales and Main streets.

Congress Authorizes Use Of Armed Force in Mexico

(Associated Press Telegram)
Washington, April 22.—The Senate at 3:21 o'clock this morning by a vote of 72 to 13 passed the administration resolution declaring that "The President is justified in the employment of the armed forces of the United States to enforce his demands for unequivocal amendments for the affronts and indignities committed against the United States in Mexico."
The House concurred in the Senate substitute resolution justifying the President in the use of armed forces in Mexico. There was no debate and the viva voce vote was almost unanimous.
Speaker Clark signed the joint resolution justifying the president in using armed forces in Mexico at 12:03 o'clock.

Huerta Has Requested United States To Withdraw Charge O'Shaughnessy

(Associated Press Telegram)
Washington, April 22.—Huerta has requested the United States to withdraw Nelson O'Shaughnessy, American charge d'affaires at Mexico City. This was stated here early today on good authority, but has not been officially announced.
The reported action of General Huerta in asking the withdrawal of Mr. O'Shaughnessy, the American charge of embassy in Mexico City, and instructing Senor Alagars, the Mexican charge of embassy here, to demand his passports, technically constitutes a complete breach of diplomatic relations between the United States government and the defacto government of General Huerta, though whether Secretary of State Bryan is willing to regard it as more than an act of an individual and not of the actual government of Mexico remains to be seen.
There is no precedent for a refusal to accede to the demands for pas-
ports nor to fail to withdraw a dip-
lomatic representative upon demand of an established government, but the present situation involving as it does a defacto government which the United States has not recognized, never before has arisen.
Such a severance of diplomatic relations, though not necessarily a prelude to war, is one of the steps that must be taken if war is to be formally declared and it is surmised that General Huerta is now about to resort to that step, regardless of any construction that may be placed upon the existing status of relations between the United States and Mexico by the executive of the former.
If this surmise is well founded the international relations of Mexico necessarily would be greatly affected and be readjusted to suit conditions of actual war, such as those arising from a blockade and the necessity of defining the rights of neutrals within Mexican territory. It is presumed that General Huerta promptly will serve notice upon the powers, through the Mexican diplomatic representatives abroad of such a development, in order that they might issue the customary proclamations of neutrality should they care to do so. Such proclamations would have some effect upon American commerce and upon the right of the United States government to secure ships and munitions of war from abroad.
Mexican Charge d'Affaires Alagars, credited to the United States, has been instructed by Huerta to request his passports from Secretary Bryan. Senor Alagars, the Mexican charge, said at the embassy today that he had received several messages from his government which indicated that he might be recalled at any moment, but that he had not yet been ordered to ask for his passports. He looked for such an order to come at any time, he said. Secretary Bryan denies that Mr. O'Shaughnessy has been ordered by Huerta to leave Mexico.

Obituary

Elsa Marie Holman.
Elsa Marie Colman, daughter of Mr. and Mrs. Samuel Holman, born December 6, 1913, departed from this life April 19, 1914, aged 4 months and 13 days. She leaves a father, mother and twin brother. Darling Elsa thou has left us And thy loss we deeply feel It is God who has bereft us He can all our sorrows heal.

William C. Rugg.
William C. Rugg, a well known employee of the B. & O. railroad company, died at his home in Vandalia street on Tuesday evening at 10:30 o'clock of pneumonia.

The deceased was born, October 22, 1866 at Shawnee, Perry county, Ohio, and came to Newark 22 years ago. During that entire length of time he was employed by the B. & O. railroad company and was held in the highest esteem by his employers and fellow employees. He was united in marriage to Miss Amanda M. Frye, on April 30, 1899 and became a member of the St. Paul's Lutheran church twelve years ago, having since been one of the most earnest workers and a devout Christian.

Mr. Rugg was a member of the Knights and Ladies of Security, and of Tribe of Ben Hur, Alpha Court No. 51. He is survived by his mother, wife, two brothers and one sister, who resides in Somerset, O. The funeral services will be held on Friday afternoon at 2 o'clock at St. Paul's Lutheran church. Rev. George Bohon, Schmitt officiating. Burial will be made in Cedar Hill cemetery.

Joseph H. Brehl.
Mrs. P. H. Stewart, wife of Police Patrolman Stewart, is in Chicago attending the funeral of her brother-in-law, Joseph H. Brehl, a former resident of Newark, who died in his home there on Monday.

Mr. Brehl will be remembered by older Newark citizens as conductor of a band here many years ago. He was prominent in musical affairs here at that time. He is survived by the widow and one daughter.

Card of Thanks.
We desire to thank our friends and neighbors who so kindly assisted us during the sickness and death of our darling baby, Elsa Marie. Also for the beautiful floral offering and the wonderful Forester Team and their beautiful flowers. Also Rev. Bohon Schmitt for the comfort words spoken. Mr. and Mrs. Samuel Holman. 22-11*

VICIOUS DOG CAUSES FEAR IN ORCHARD ST.

Patrolman Abbott was called to Orchard street, Franklin's Addition Wednesday morning to execute a vicious dog which has endangered the safety of pedestrians for the past several days. The complaint was filed at headquarters Tuesday night but an officer who was detailed to kill the dog, lost the animal in the darkness. Parents feared to send their children to school Wednesday morning until the dog was killed. A number of other dogs were killed Tuesday and Wednesday.

Several Injured Are In Serious Condition Today

(Associated Press Telegram)
Vera Cruz, April 22.—Estimates of the number of Mexicans killed and wounded in the fighting with the American marines and bluejackets yesterday, still are vague. It is believed, however, that the Mexican casualties were greater than those of the Americans, who lost four men killed and twenty wounded.
This morning bodies of Mexicans are lying about the central part of the city uncarred for.
Of the bluejackets and marines wounded in yesterday's fighting four are seriously hurt, according to the report of the surgeons this morning.

FOREIGN WARSHIPS SCATTERED ALONG MEXICAN COAST

(Associated Press Telegram)
Washington, April 22.—Eleven foreign warships other than those of the United States are scattered along the Mexican coast according to an official list made public by the navy department today. They have a total of 66,135 tons and a personnel of 4,498 men. Four of these vessels are stationed at Vera Cruz. They are the French cruiser Des Cartes, with 3,355 tons, 378 men and four 6.4 inch guns and ten 3.9 guns on her main battery; the English armored cruiser Essex of 3,800 tons, 655 men and fourteen 6. inch guns; the Spanish cruiser Carlos V. of 3,900 tons, 500 men and two 11.2 inch guns, eight 5.5 inch guns and four 4.1 inch guns and the German cruiser Baden of 3,352 tons, 335 men and ten 4.1 inch guns.
The others are distributed as follows:
At Tampico—The English cruiser Hermione of 4,530 tons and 315 men and six-inch guns and eight 4.7 inch guns; at Puerto, the British cruiser Lancaster of 3,800 tons, 500 men and 14 six-inch guns; at Acapulco, the British gunboat Albatross of 1,050 tons, 106 men and four-inch guns; at Mazatlan, the Japanese cruiser Idzumi of 9,750 tons, 483 men and four 6.1 inch guns and 11 four-inch guns; at Guaymas, the French armored cruiser Montcalm of 5,440 men and seven 6.1 inch guns; at San Blas, the German cruiser Narvik of 3,000 tons, 295 men and 10 4.1 inch guns; and at Acapulco the British troop ship Shearwater of 1,300 tons, 130 men and four 4-inch guns.

Important Notice To Skin Sufferers

Try this New Remedy at Our Risk

We know the successful treatment of skin affections is difficult, and so much money is spent by sufferers without getting relief, that they are becoming skeptical and know not what to believe.

Our Generous Offer

Know, therefore, all persons who have any skin affection that we will supply them with our new and wonderful remedy—Saxo Salve—on the positive guarantee—that if it does not benefit them we will refund their money as cheerfully as we took it.

There is no remedy that will cure every disease—but there are some that we know to be honest, reliable, and of great curative value. Such is Saxo Salve. No skin sufferer should therefore hesitate to try Saxo Salve on this generous offer. We take all the risk and bear all the expense if Saxo Salve fails—but as it succeeds in over 90% of the cases our risk is not great after all.

Do not Give Up until you have Tried Saxo

HERZOG GIVING THE YOUNGSTERS CHANCE TO SHOW

Cincinnati, April 22.—No haste is being shown by Manager Herzog, of the Reds, in the matter of ridding himself of surplus material. While some of his youngsters have been turned over to the minors for further development, quite a number of the youths garnered from various leagues last fall still are among those present, and will remain for a while longer. Heretofore it has been the practice of Reds' managers to give the preference to veterans, this being especially true of the pitching department, and allowing the youngsters but few opportunities to break into the line-up. Herzog is working along different lines. He is taking no chances on making mistakes regarding the boys who looked good to him during southern practice, and so is giving all those that displayed some features of major league form to show what they can do. Pitchers Davenport, Douglass, Adams, Lear and Ingersoll all have been in championship games this season, as have Catchers Gonzales and Von Kohnitz and all the recruit infielders and outfielders. When the final cutting down comes it will be based on actual performance, and not on guess work, which is as it should be.

On the National League teams that have opposed the Reds so far this season, the Pittsburghs appear to have far and away the best of it. Their infield works more smoothly, the outfield really is better and their pitchers and catchers are fully equal to those of the Cubs. Add to this the greater influence of Manager Clarke over his men, and it is plain that, viewed at the present time, the Pirates are a safer bet for high honors than the Cubs. In the eastern division of the National League New York and Boston, of whom most was expected, have been having the poorest results. It is not expected that they will continue in their early rut; at the same time they are taking on a handicap by losing their early games.

That followers of the game are partial to young players and like to see debutants succeed was clearly demonstrated at Sunday's game between the Reds and the Pirates, when the real spirit of the crowd was displayed on the appearance of Catcher Mike Gonzalez and Pitcher Adams. The Cuban backstop has been touted as an able man in every respect, and his work so far has justified the recommendation. Adams is not so well known, but the very fact that he is a youngster secured for him an enthusiastic reception. This preference of youngsters will be recognized by Manager Herzog in future Sunday games, and he promises to have several of his new stars in the line-up against the Cardinals next Sunday, and against the Pirates when they come again on Sunday, May 2.

American opponents of the fighting game should take a page out of the book of King George, of England, who has placed his O. K. on the boxing game by attending several matches at the barracks of one of his favorite regiments. Of course, the "kirk" does not favor brutality in the ring, any more than it is favored in America; but when it comes to applauding neat footwork, a good wallop or clever defense, the ruler of Great Britain gets as enthusiastic as any East Side "bloke." Whether this interest in the fighting game on the part of the king will have any influence on the sport in America remains to be seen. But it certainly will give boxing a boom over in "merrie England."

A Pure Olive Oil

OLIVESE

brand of Olive Oil is the first pressing of carefully selected Italian Olives. This first pressing yields the virgin oil, the very best, the only kind ever put in containers bearing the OLIVESE trademark. The old Italian method is conceded to be far superior to modern methods, and olive oil so prepared will actually improve with age. OLIVESE comes direct—earned in Italy—from the old Italian orchards and is prepared by the old methods.

If you do not find OLIVESE to be of the highest possible quality—or if for any reason you do not find it entirely satisfactory—you may have your money back without question.

THIS FINE BICYCLE GIVEN AWAY IN ADVOCATE'S BOOKLOVERS' CONTEST

Here is the prize that every young man who reads the Advocate will try mightily hard to win. This popular prize in the Booklovers' Contest was purchased from the American Machine Co., at 25 West Church street.

The proprietors of this store, Roy J. Baird and Chas. McGough are both practical and experienced bicycle men.

This splendid \$25.00 bicycle is the well known and reliable "Pearl" and is equipped with coaster brake, mud guards, spring saddle etc. The American Machine Company handles the Yale and other bicycle supplies of all kinds are also kept. The company also has a fine stock of Edison phonographs and records. In every family there's some member who wants a bicycle. Get together and get busy on the Booklovers' Contest, your chance of winning is equal to any.

Is a Dollar a Big Price to Pay for Having This Wonderful HOOSIER Cabinet in Your Home?

The past three days, when you postponed coming to examine this Hoosier Cabinet, it wasn't because you doubted the wisdom of spending a dollar to have it put in your home—

You waited because you thought there still was time to make up your mind. But now that time approaches an end. What important consideration can possibly weigh against the fact that

You now take miles of steps a Hoosier will save!

If you were to delay decision until this great opportunity closes, could you possibly justify your neglect of your own valuable time and health? In five minutes after you examine this Hoosier you can decide—

- (1) Whether you want it now on this liberal Hoosier plan, or
- (2) Whether you will wait until the opportunity is gone and regular terms prevail.

But five minutes after the Plan closes, you cannot decide. The opportunity will be ended for you.

Therefore Read this Hoosier Plan Carefully:

1. One dollar puts any Hoosier you select in your home.
2. One dollar weekly dues quickly pay for it.
3. The low cash price, fixed by the factory, prevails absolutely.

4. The sale is under direct supervision of the Hoosier Company.
5. When this allotment is taken, the sale closes.
6. If you are not delighted with your cabinet, we will gladly refund your money.

You are under no obligations to take any cabinet, but you surely must realize an obligation to yourself to see the cabinet before you let this plan go by. Tomorrow may be your last opportunity.

"WHITE BEAUTY"—the new Hoosier with the white interior finish (this is being chosen by 3 women out of 4) groups three cupboards and a pantry around a sliding metal table so you can sit down while you work and store more than 400 articles in easy reach. It is a boon to women who want a little more rest IN THIS LIFE.

SEE IT IN OUR WINDOW—note the scientific arrangement that reduces even reaching to the minimum—observe the practical value of each of the 40 separate and distinct tested features—17 of which are new.

Scores of other women are on the verge of making the same decision you are considering. Some will come tomorrow. Every day of this sale more have enrolled than we expected. Enrollments tomorrow may close the sale. If so, those who hesitate now will be too late.

HAVE OPENED A RECRUITING OFFICE HERE

WANTS AN EASY FIGHT.

Captain C. V. Priest of Company G, Newark, who has to date received thirty applications for enlistment in anticipation of the trouble in Mexico, says he received yesterday an application from a married man who said that he "had been 'fighting' for two years and wanted to go to Mexico to tackle something easy."

Capt. C. V. Priest, in command of Company G, O. N. G., Wednesday, issued a call for recruits. The call reads as follows:

MEN WANTED AT ONCE.
Suppose you were called upon to defend your country's flag—are you prepared?

You must be taught how to drill; how to use the Springfield rifle; how to take care of yourself; in short, you must learn the thousand and one things that make up the efficient soldier.

These things you can learn only by becoming connected with a military organization.

Company G, here in your own city, will teach you all this. Remember that the sooner you enlist and become proficient in the duties of a soldier, the sooner you will be in line for promotion.

At the Armory, 136-138 East Main street, a recruiting office has been opened. This office is in charge of Lieut. C. R. Stauffer. Join the company now and your clothing and small arms will be issued you at once. Do it today.

CO. G, 4th OHIO INFANTRY.
Thirty applications have been received by Capt. Priest within the past three days, and more are coming in daily. Application blanks are being circulated. These do not constitute an enlistment and may be countermanded at any time. They are simply to denote willingness of the applicant to serve if called upon, and contain space for his name and address.

A recruiting office was opened at the Armory, East Main street, near the North Fork bridge, Wednesday, with Lieut. C. R. Stauffer in charge.

In a letter received by Captain Priest, from Major F. D. Henderson, commanding the Fourth Ohio Infantry, which includes the second battery, of which Co. G is a part, instructions are issued for the command to be in readiness for summons. Chillicothe, Circleville and a Columbus company are members of this battery.

ORGANIZED LABOR TO PLANT A COMMUNITY XMAS TREE ARBOR DAY

Organized labor will plant a community Christmas tree in the court house park on Arbor day, April 24, at 2 o'clock p. m.

An anniversary that will long be held in remembrance by the citizens of our city, both young and old, was that which was celebrated in the public park Christmas week last, when the municipal Christmas tree exercises were held under the auspices of the Christmas tree committee of the Newark Board of Trade. Though not understood by many, the object was to instill the love of the Savior and the Christmas spirit, and especially the Christmas spirit in a charitable manner, in the words of the Master, "Inasmuch as ye have done it to one of these even so have ye done it unto Me." As an explanation many of our citizens thought candy, presents and gifts were to be publicly given to all comers on that night, and the committee was criticized for failing to provide Christmas gifts to every child in the city, and statements were made that the funds that were raised were not properly used. Our reply is ask the charity fund committee where your money was spent, and you will make your contribution larger this Christmas. We all know how everybody enjoyed the exercises held that night, and just to show only one instance of the outcome of that, our first celebration of this great event, early in January of this year at a meeting of the Newark Trades and Labor Assembly, a suggestion that as the Christmas tree celebration had been a great success, why not perpetuate it by planting a permanent tree. The delegates were instructed to carry back to their unions the proposition for endorsement. This was done and the proposition was unanimously adopted. Accordingly it was then resolved on Arbor day, 1914, to plant a suitable tree in the public park and a committee was appointed for that purpose. Accordingly on Friday, April 24, this Newark's first community Christmas tree will be planted with proper ceremonies. The tree will be planted at 2 p. m. by representatives of organized labor, after which Mr. William Morgan, president of the Newark Trades Union and Labor Assembly will present it to the Christmas tree committee of Newark and it will be accepted by that committee by Mr. Charles Spencer, who will deliver an appropriate address of acceptance, after which he will present the tree to the mayor of the city, Royal C. Biglow, in whose custody it shall remain to be handed by him to his successors to perpetuate it to the use of the community for all time to come. The superintendent of the schools, the musical director and all teachers of the schools have been invited to assist in the ceremonies. A chorus or quartet

Remember at 2 o'clock, Friday afternoon, April 24, on the northwest corner of the court house park. Everybody is invited to be present and assist in the planting of Newark's first Christmas tree.

BLANKS FOR CORN GROWING CONTEST READY

Blanks have been distributed for the third annual junior corn growing contest, and they may be secured at the Newark Advocate business office or at the Newark Trust company. The first 5000 boys who send in entry blanks in the various contests conducted by the agricultural commission and comply with all the rules will get a free trip to the 1914 Ohio state fair.

Many boys enjoyed a delightful trip last year as the result of their being successful contestants in the corn growing contest and undoubtedly the number of contestants will be greatly increased this year.

2000 PIECES, 10 VARIETIES, IN TABLE TOP

An extremely valuable novelty in inlaid hardware is in process of construction under the skilled hand of James Heft, carpenter, of 38 North Sixteenth street. It is an ornamental table. The top, now completed and resting on the third floor of the Elliott hardware store, in West Main street, contains ten different kinds of wood and 200 separate pieces.

Vermillion, black, walnut, cherry, white maple, mahogany, holly, quarter-sawn sycamore, white oak, ash and locust have been used in the inlaid top. On the under side will be inlaid the emblem of the carpenter's union, and a saw, hammer and hatchet.

Mr. Heft has set no definite time for completion of the novelty. He began work on it last holiday season and has devoted only spare moments to it.

GIRL'S AGE IS INQUIRED INTO BY XENIA WRITER

Mayor yesterday received a letter from the age of Xenia, Ohio, who has two brothers. The writer of the letter, Mrs. M.
